The Principal's Report

After an unsettled week in Term 3 this year I spoke to students at assembly about the pride that I feel in coming to work each day, the pride I feel in driving through the gates and seeing our school sign on the side of the auditorium. This is the same pride that I feel seeing our students each day in school, or when they perform or represent our school.

When I think about this pride and what makes this school so special I think about the important concepts that we value at Māngere College: MC Whānau, Respect and Responsibility and Seek the Heights.

In some ways we have not done enough to celebrate these ideas over the past few years. We have not always been able to come together to celebrate when students Seek the Heights or recognise those students who live by the values of respect and responsibility. This is why next year we will be putting in extra effort and work to celebrate the success of our students in the classroom and in other aspects of school.

We will be bringing in a house system to school. Those of you that know the history of the school will know that this is not new but it is something that has died away over recent years. We will have four houses, Rangimārie, Whakapono, Tūmanako and Manaaki, and all students will be placed into one of the four houses. Houses will provide leadership opportunities and allow students to represent their house in school competitions.

We will also be renewing our badge system to strengthen our recognition of student success. Students will be able to earn badges that represent their achievements in different areas of school life.

Both of these initiatives together with other work in school will help us to acknowledge student success

in more and varied ways and allow students to compete and perform in school as well as representing us outside of school. We also want to recognise students when they demonstrate our values of respect and responsibility or show that they are seeking the heights in different areas of their school life.

Respect and Responsibility and Seek The Heights are all underpinned by the strong relationships that we have at this school and bind us together in what we call the MC Whānau. These relationships are never stronger or more important than in challenging times. We have seen that this year in the loss of two students who passed away during the year. These were both tragic events but I am very proud of the response of the students and staff. We were able to support each other in grief and get through the tough times.

This is when the MC Whānau makes a difference.

We have also seen these relationships being even more important in the classroom over the

past few years. Despite lockdowns and disrupted attendance our students have still managed to achieve some of the best results we have had as a school and we continue to work hard to support our students to achieve the heights.

This year we launched a new programme of mentoring for students - Te Ara ki te Whare Wānanga. The aim of this programme is to support students through to a tertiary pathway. Taking students from Year 10 onwards, mentoring them and supporting them and ensuring that they are on track to reach their goals.

We have also introduced a new fortnightly Awhinatanga period this year to support and guide all students through the year.

So 2022 has been a challenging but productive year. We look forward to 2023 and what that brings for our students to continue to SEEK THE HEIGHTS.

Ka kite ano au i a koutou

NICKY HAEATA-RUWHIU

She returned to Māngere College in 2018 after previously teaching here from 2005-2016, this time around as a Teacher in the Achievement Centre. When the Centre's powerhouse leader Ms Erica Wilson retired, Nicky took her place from 2019 on. Yes, she was the ACH leader during the Covid-Years, where she stood strong and brave. For Nicky, it has always ever been about the students. She worked her magic, to support many students who were on the very edge of dropping out of high school, stay on, work hard and graduate at Year 13.

Her 'magic' was no real secret, but if you were lucky enough to witness it or even whaikorero with her over a small container of keto-friendly

noodles from Satay Noodle House, you would've been in awe of it. For our Achievement Centre students, who were and are predominantly Māori and Pasifika, Nicky knew it was imperative to use the Te Whare Tapa Wha and its Pāsefika equivalent – fonofale models to health & wellbeing in Education. By doing so, barriers to learning crumbled, both in and out of the school gates. She had the full support and respect of parents and families.

From all of us, and mainly from our Achievement Centre students, past and present, thank you for your magic.

Wherever you go Ms HT may you "TRUST YOUR POWER" and God's Blessings.

- Mr Arp

KEVIN DAVIS

In Term 2 we farewellled one of our Social Science teachers Mr Kevin Davis, who started teaching at MC in 2012. We would like to thank Mr Davis for all the help and support he has given the department over the years. Your students will never forget your valuable contributions and sound advice. We wish you all the best.

EMILY HEENEY

Emily joined us in 2017 when the Performing Arts Department was newly formed. Thank you Emily for your mahi as the Performing Arts Technician and always seeking to provide opportunities for our students. Emily wrote the MC anthem 'We Will Rise', a special taonga for our school.

ARIHANA HAKIWA

In April we farewellled our Te Reo Māori Teacher and Head of Languages Whaea Arihana. Whaea Arihana has been at MC since 2018, and has been instrumental in building our Māori subject and furthering our knowledge of Māori tikanga. Nga mihi nui Whaea for your mahi with our Māori students.

LAURA WILLIAMS

Laura joined us in 2018 as our School Nurse and the school won't be the same without her. She has brought enthusiasm, humour and many fond memories. Laura helped take charge when we went into Covid-19 lockdowns with vaccinations and planning for our students and staff safety.

MILO WEST

We farewell Ms West who has been a dedicated and committed English teacher. She joined us in 2018 and made it her mission to motivate, inspire and encourage her students to believe in themselves and 'seek the heights' of success. We wish her all the best and are glad that we were able to be a part of her journey.

MARGARET KARANGA

Our Head of Careers, Margaret Karanga left us in Term 1. We wish her all the best and thanks for your service to Māngere College.

KYLIE FRANKLIN

We farewell our wonderful receptionist Kylie. She was a valued member of the Admin team and a welcoming presence to all.

NANCY ROBERTSON

We appreciated Nancy's time here as a school counsellor. Nancy built a great rapport with our students and we wish her all the best.

NUMIA TOOMATA

It was wonderful to see one of our alumni students returning as a Teacher Aide in Learning Support. Thank you Numia for helping also with our Samoan group.

PETER TUSA

Peter was another alumni student who returned as a Teacher Aide. Thank you Peter for bringing your enthusiasm and for also helping with our sports teams.

Head Girl's Report

First, I'd like to acknowledge the village it took to raise me. They are the reason behind everything I do and they made me who I am today.

When I started at this school, I was a very different person. I had just come to Aotearoa NZ from California in the midst of a pandemic and I had virtually no plans for the future. I was given two options; go to school or find a job. And so I enrolled at Māngere College as a Year 12 student. That one decision completely changed my life.

I've been to 11 schools all over the

*'If you aim high,
you achieve
high, so Seek
the Heights'*

world but Māngere College is by far my favorite. Being Samoan and Māori, MC has been the first school where I've been able to celebrate both of my cultures, which has been an experience that I am so grateful for. In these past 2 years I've learned so much, not only academically, but about life in general. This school has taught me what it means to be a good leader. My favourite part of being Head Girl was being a mentor to younger students. It was so important to me that they were listened to and understood. When interacting with them I always wanted to make sure that they felt supported and appreciated and I hope I achieved that.

There's an alaga'upu (proverb) that says "O le ala i le pule o le tautua" (the pathway to leadership is through service). I chose to serve by speaking up on behalf of my fellow students and making change within

the school. What I've learned about change is that it takes time. Real, lasting change doesn't happen overnight and so my goal was to lay a foundation for the next students to build upon. The foundation is laid and I can't wait to see what gets built.

My parting advice is the whakatauki (proverb) my mum always says to me. "Tūwhitia te hopo, mairangatia te angitū!" Feel the fear and do it anyway. I originally wasn't going to apply to be Head Girl because I was sure I wasn't going to get it. If I let that fear of failure cloud my decisions, I wouldn't have discovered the true extent of what I'm capable of. If you aim high, you achieve high, so Seek the Heights.

My name is Rain Te'i and it was an honor being Māngere College's Head Girl for 2022.

- Rain Te'i

Head Boy's Report

Tena koutou katoa, he mihi nui, he mihi mahana ki a koutou katoa.

First and foremost, I want to express my gratitude to our Heavenly Father for the endless blessings he bestowed upon myself and the students of Māngere College 2022. Proverbs 3:5-6 reads, "Trust in the Lord with all your heart, do not depend on your own understanding. Seek his will in all you do and he will show you which path to take". This is the verse my mum taught me growing up as a

“Before you are a leader, success is all about growing yourself, when you become a leader, success is all about growing others”

kid and this verse has led me on an awesome academic journey with Māngere College thus far.

The year 2018 is when I started my MC journey as a Year 9 student, I couldn't possibly imagine I would have made it this far, let alone becoming the Head Boy. I struggled to fit in during my early years, as I was that kid that didn't seek attention. However, as time advanced my confidence grew, and teachers started noticing my potential which ultimately led me to pursue roles that were out of my comfort zone. Fast forward to 2022 the role of Head Boy was available. I was afraid of this huge responsibility, but I found that there's more value in risk. This year as Head Boy of Māngere College has presented many challenges, and extra responsibilities to service, mentor, lead and be a role model for my fellow students of Māngere College. It was a challenge I accepted and gratefully was honoured to represent and hold that position.

To our Student Leavers of 2022, it has been an awesome journey growing with you over these last couple of years here with our Māngere College Family. I commend you for making it this

far despite the challenges and difficulties we've faced these past few years. We have made it, whether it's from Year 9 till now or if you started later than others, the fact still stands, we made it. Whatever your goals, aspirations and the path God has in store for you I encourage you to hold the lessons, memories and values our great school of Māngere College has instilled in you to keep close to your hearts. As our school motto goes "Seek the Heights" so don't confuse this achievement as the finish line but consider it as another milestone to add under your belt, the next step toward your future - because we have more mountains to conquer, heights to seek, haters to prove wrong, girls to impress ;) and our families to provide for and support.

Finally, I would like to thank Principal Mr Webb and the Māngere College Staff for entrusting me this year as your Head Boy, thank you for being there for not only myself but for all our students of Māngere College.

**It's just the beginning...
Mauri Ora!**

Student Leaders

Starting the year with welcoming the Year 9 cohort of 2022, Student Leaders have embraced the important roles of transitioning their Year 9 buddy classes from Intermediate to High School. They have attended morning Awhinatanga, Shared Kai time and attended assemblies.

Other highlights for 2022 Student Leaders include: Year 9 Day Out in the beginning of the year, the planning and preparation of this year's Senior Ball, Pink Shirt Day by dressing appropriately and being exemplary role models around the school. Presenting in Toko Manawa Whenua Hauora Leaders, and the active participation of cultural activities throughout the whole year with Polyfest, language weeks and our first ever Cultural Day at Māngere College.

As the year ends, we would like to say that it has been a great honour to have contributed to the school as Student Leaders. We wish everyone well for your future journeys and ventures. Seek the heights.

SPECIAL AWARDS - DECIDED BY THE STAFF OF MĀNGERE COLLEGE:

Glenys Erickson Memorial Cup Gardenia Lemoa

For the senior student that has been at Māngere for at least five years and has best demonstrated a high standard of achievement, participation and perseverance throughout their time at Māngere College. The recipient has indeed lived up to the School Motto - Seek The Heights

David Gock Cup for the Spirit of Rotary Fatima Hussaini

The person who receives this award will uphold the Rotary Four Way Test: - Of the things we think, say or do, is it the TRUTH, is it FAIR to all concerned, will it build GOODWILL and BETTER FRIENDSHIPS and will it be BENEFICIAL to all concerned?

Stan Kepa Prize for Leadership in Cultural Activities Siaosi Kofe

This award is in honour of Stan Keepa, who was a prominent Māori business man who was on the Board of Governors from 1981 to 1986. The winner of this award will have shown Leadership and Role Model qualities in one, or across a range of cultures.

Williams and Cunningham Prize for Courtesy Fatima Hussaini

This award was donated by the parents of Kaye Williams, one of the College's foundation students and goes to a student who is polite, courteous and cheerful; showing respect for others yet retaining their own personal strength.

Watson Prize for Service to the Community Gardenia Lemoa

This award is named after Mr Watson, who used to own the pharmacy in Māngere Town Centre and donated this award to someone who puts themselves forward to help out in the school and the wider community.

Benson Award for Service to Others Rain Te'i

This award is named after Cliff Benson, who was on the Board of Governors from 1973 to 1980. The winner of this award cheerfully helps staff and other students in a range of activities without being asked.

Lambie Prize for Leadership Rain Te'i

This award is in honour of Hugh Lambie, who was Mayor of Manukau City from 1965 to 1968. The person who receives this award is looked up to by the student body as a role model by demonstrating leadership qualities.

SPECIAL PRESENTATIONS:

Māngere College Leavers' Scholarship	Fatima Hussaini
Māngere College Leavers' Scholarship	Siaosi Kofe
Māngere College Leavers' Scholarship	Honora Lynch
Māngere College Leavers' Scholarship	Vaipuna Talo
Māngere College Leavers' Scholarship	Rain Te'i
Māngere College Leavers' Scholarship	Loreal Urika Filifilia
University of Auckland Vaka Moana Scholarship	Loreal Urika Filifilia
University of Auckland - DWC Scholarships	Mathew Tonga
Auckland University of Technology - Find your Greatness Scholarship	Fatima Hussaini & Makarini Puirī
University of Otago - Pacific Peoples Entrance Scholarship	Honora Lynch
University of Otago - Pacific Peoples Entrance Scholarship	Loreal Urika Filifilia
University of Waikato - Ko Te Tangata School Leaver's scholarship	Pearl Taisi
University of Waikato - Ko Te Tangata School Leaver's scholarship	Crystal Poto Fineaso
University of Waikato - Ko Te Tangata School Leaver's scholarship	TeAmorangi Nuku
Ema Piutau Scholarship	Krizzia Mae
Prime Minister's Vocational Excellence Award	Ngaire Biddle

Trish Smith Prize for Courage and Achievement
Katherine Pio

Trish Smith was a student here from 1986 to 1988 who sadly died of cystic fibrosis on Dec 31, 1988. This award goes to a student who has achieved in the face of severe medical difficulties.

Bader Trophy
Ngaire Biddle

The recipient of this prestigious award will have overcome a significant hurdle in their life to become a model citizen of the school and make considerable progress in their education.

Māngere College Scholarship
Makarini Puirī

This Scholarship has been made possible by an anonymous donation to the school. It is for up to \$6000 for one year's tertiary fees.

Elizabeth Ellett Scholarship Recipient 2023 – 2025
Pearl Taisi

This Scholarship is made possible by a bequest from the estate of Elizabeth Ellett, a long time supporter of the College. The Scholarship is for \$4000 per year for 3 years of University study.

**TOP ACADEMIC
AWARD FOR 2022:**

SENIOR SCHOLAR/DUX 2022
Krizzia Mae Quinones

THE PROXIME ACCESSIT
Mathew Tonga

This cup is awarded to the year 13 student who has achieved the best results in NCEA assessments this year.

UNIVERSITY OF OTAGO DUXSCHOLARSHIP 2022

Krizzia Mae Quinones

Proxime Accessit:
Mathew Tonga

DUX 2022: Krizzia Mae Quinones

Support Staff

2020 and 2021 embedded in our memories a time and lived experience of a global event that halted the world with a torrent of lockdowns and a new way of living and learning.

Our school was excellent in modelling the nationwide messages of kindness, aroha, and support and this certainly shone through to our students and wider community.

At the start of 2022, under the Covid-19 traffic light system, staff and students became more familiar with these processes and gradually we encouraged and welcomed students back into a year aimed to bring normalcy from start to finish. And there has been much to celebrate throughout the year and support staff have been part of that.

The roles of support staff are many and being part of the MC Family environment has seen many staff remain committed to service to the school and their work with others and particularly with the students at the heart of everything we do.

Support staff are a diverse group of individuals with skills, qualifications, and experiences that have added value to student lives, school programmes and often are the unseen leaders throughout the school. The broad and worldly lens of our support staff has contributed to the on-going provision to school-wide systems and teacher-led programmes towards student achievement aligned to the school motto of "Seek the Heights."

Support staff are visible in every area of the school from Careers, Sports, Science, Technology, Learning Support, Library, Student Services and Nursing, Senior Leadership Team, School Admin Office (also includes Payroll and Accounts, Data Management, Resourcing) Achievement Centre, ESOL and Refugee, Communications and Marketing and Music.

If there is an ethos for support staff,

it could be described that each member.

- Seek the heights to
- Understand working effectively to support students and staff; to always be
- Positive and
- Proactive in supporting the school vision of "Excellence in Education", relish the importance to be
- Open-minded and flexible to learn and to be
- Resilient, alert and
- Tenacious in making the difference for our students.

Support staff embraced professional learning opportunities as small groups to plan, coordinate, facilitate, contribute to the school vision and strategic goals. There has been fun and engaging team activities which has seen a range of skills brought to the fore among support staff.

Key themes in the forums have included

- Working in teams - Myers Briggs Personality types
- Problem solving / Creative learning • De Bono – Six Thinking Hats
- Cultural learnings – Visit to Ihumatao and understanding the cultural connections in our community
- Trust and Change management – understanding fear and barriers to change
- Wellbeing and stress levers – strategies to managing time to name a few

Support staff shared their talents in unleashing fun icebreakers, the spotlight feature continued as a platform for staff to provide insights into their department and also new programmes delivered, other activities included design challenges of building a home with sweets, tasks negotiating differing viewpoints, participation and inclusivity a focus for all and much more...

We welcomed new support staff
• Teacher Aides - Numia Toomata, Uaealesi Funaki, Peter Tusa, PJ Campbell

- Careers Administration Support – Alfie Lafoou Lusa
- Technology Technician – Kevin Maskell
- Nurses – Lizzie Sullivan and Siobhan Lyne
- Receptionist (Parental leave cover) – Elizabeth Lavea and Marika Ahsei
- Check and Connect Mentor – Daniel Patea

We celebrated support staff's new babies

- Receptionist – Kylie Franklin
- Senior Nurse – Laura Williams

We farewelled the following support staff during the year

- Numia Toomata
- Elizabeth Lavea
- Laura Williams
- Peter Tusa

Volunteers provide invaluable community service, and we acknowledge and thank them in their support throughout the year in sports coaching, school garden and other areas. Our school has been enriched by the work you tirelessly do with passion and interest.

An acknowledgement to Tom and SLT for their support of on-going staff professional learning opportunities and recognising the value to strengthen and enrich support staff knowledge and skills. Thank you to the administration office staff who tirelessly continue to work behind the scenes completing end of year processes and new planning and preparations for the new year. We must also acknowledge the Property and Grounds team who keep our school tidy and operational throughout the year.

Thank you to all support staff who turn up for our students and school, your commitment to work excellence and continuing to seek the heights is appreciated.

Enjoy the Xmas break with your families and have a wonderful New Year.

- Helen Faamoe

Makaurau Marae visit

For our Staff Only Day during Term 2, we enjoyed a truly special time at Makaurau Marae, Ihumātao.

Our staff were welcomed formally onto the Marae with a Pōhiri and we listened to the stories and history of Makaurau Marae and the people who belong to that Iwi. Pania Newton shared stories and led us on a hikoi to the site where the Ihumātao occupation first began in 2019. Further kōrero from Pania taught us about the history of Ihumātao with its many injustices and we learned more about what happened with the Save Our Unique

Landscape/ #protectihumatao campaign. Our staff finished the day with a workshop on the Curriculum Refresh, which has a strong focus on honouring Te Tiriti and how we can apply changes to our curriculum areas in a genuine way for our taurira.

NZ Order of Merit for Mrs Ah Sam

Congratulations to Deputy Principal Mrs Melegalenuu Ah Sam for receiving her Queen Service medal in August from the Governor-General of NZ, Her Excellency The Rt Hon Dame Cindy Kiro. Mrs Ah Sam is now a member of the NZ Order of Merit for services to Pacific language education.

Melegalenuu Ah Sam established Samoan language teaching at Māngere College, later driving the addition of Cook Islands Māori and Lea Faka-Tonga, and led the establishment of the Languages 'L Block' as a hub for Māori and Pacific learning. She is a founding member and executive officer of Fotu o Malama, the Association for Teachers of Samoan Language and Culture in secondary and tertiary sectors. She is lead coordinator of the Samoan stage and a member of the ASB Auckland Polyfest organising committee and Trust Board. Mrs Ah Sam is Treasurer of EFKS New Zealand New Vision Church.

Mrs Ah Sam has worked tirelessly to ensure that our students are all given the opportunity to enrich and enhance their knowledge of Pacific languages. Our school is proud of her accomplishments and Mrs Ah Sam is admired and respected by students and staff alike.

DEPARTMENTS

The Achievement Centre

Dear World

We accept the fact that we collectively have had to sacrifice 5 long years in the Achievement Centre in Māngere College, for past moments in our lives when 'school' was just not for us. But we think you're crazy to make us write an article telling you about who we think we are today.

YOU will see us how YOU want to see us – the labels that have been imposed on us, in simplest terms, in the most convenient of definitions. But what we have found out is that each of us:

- Are ACADEMIC

Elizabeth Cocker was on a mission to be on top of all her classes, doing work online from home. She showcased her cultural talents in Tongan Language Week performances and was always willing to help others with their work. She

is preparing now to enter Auckland University of Technology – in the Midwifery program.

- Are ATHLETIC

This year, Taniela Makisi set out to play in as many high school sports teams as he could, having not played in any school teams in previous years. He made it into the 1st XV Rugby team and also the Senior Boys Volleyball team. He ended the year being named in the Auckland Under 18 Rugby team. He is preparing now to enter the University of Auckland – in the Accounting program.

- Are RESILIENT

Brandon Reid has been on more field trips and camps than anyone else, and walked away with a wealth of knowledge, leadership skills and an understanding that he has a voice, and he can use it to positively influence others. He is finalizing preparations to enter Police training in 2023.

- Are CREATIVE

Maria Pompey juggled employment and schooling and ultimately made the decision to finish out

the school year. Her work ethic made the decision difficult because she excelled in her employment and also when she focused on her classwork. She is exploring her options including a return to employment.

- And...We Will SURPRISE YOU

Tufele Tapueluelu was also named in the 1st XV Rugby team, and he took advantage of the year-long Trades work experience for two days each week, in preparation for life outside the high school gates. He is also preparing for Tertiary studies in 2023.

TRUST YOUR POWER, even when you don't see it or believe it. Because you're going to need it. From our earliest days, rejection and labels followed us and we know that it will be there through every step of our journey. It will come from people who love us... and people who don't think we belong. But rejection and labels does not mean that we have failed. No!

It means that we have ARRIVED

It means that we have greater things to achieve.

Sincerely yours,

The Achievement Centre Graduates of Māngere College 2022

Business Department

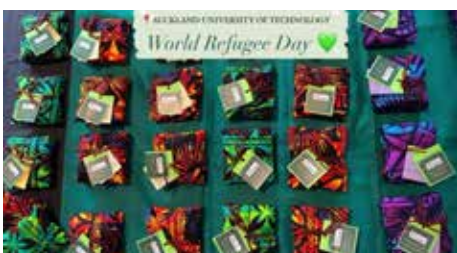

YOUNG ENTERPRISE SCHEME

The Lion Foundation Young Enterprise Scheme (YES) is an opportunity for students to unleash their inner entrepreneur and experience the start-up world first-hand. It is an experiential programme where students set up and run a real business. Each YES company creates their own product or service and brings this to market.

Our Year 13 Business students took part in the Young Enterprise Scheme and designed their own products. They then produced, promoted and sold their products while gaining NCEA credits. This year there were

3 business groups who took part. These groups were: 13Teen, Alchemist Candles and Jinglez Key Chains. 13Teen's products were hand warmers. Alchemist's products were hand-made scented candles and Jinglez product was individualised key chains.

At the Auckland South Regions Awards in October we came away with three awards. 13Teen was the Auckland South Regional Finalist, Krizzia Mae Quinones received 'Young Enterprise Individual of the Year' as she was the CEO of 13Teen. Mrs Nadan also received the 'Most Inspiring Teacher of the Year' award from Young Enterprise Scheme.

AUT - WORLD REFUGEE DAY

On the 21st of August, our Māngere College Year 13 Business group consisting of 13Teen and Jinglez, went to sell our products at AUT to commemorate World Refugee Day. It was an amazing experience hearing people's stories, viewing the fashion show and interacting with customers and other stall holders.

- Krizzia Mae Quinones

WELLINGTON TRIP

In August our Level 3 Business students had the exciting experience of travelling to Wellington for the annual Wellington Commerce trip. Places visited: Parliament House, Te Papa Museum, the Weta Cave, Young Enterprise Head Office and the Reserve Bank of NZ. The students planned and led the daily activities and it was a fun filled learning experience for all.

Careers 2022

This year for Careers at MC has been action-packed and it's been great to get our students out and about to various courses and work experiences after previous covid constraints. This year we have had a new staff member Alfie Lafo'ou Lusa join the team as the Careers Administrator.

Below are just a few of the highlights from the year.

CAREERS EXPO

During Term 3 we held our annual Careers Expo in the evening our Parent Student Teacher Conferences. There were many great interactions between tertiary education and career providers and students. Having caregivers alongside students provided further opportunities and understanding for our families. Be sure to follow

@mangerecollegecareers Instagram page for more upcoming career opportunities, and check out the new Careers Calendar which is on our school website under the 'News & Events' tab.

RE: UP LUNCHTIME EXPO

It was great to see our students engage with our visitors from the RE: UP EXPO during Term 2 and talk about pathways when they leave school. The expo was an MC collaboration with MIT, QES, Connected and MSD.

LINK ALLIANCE TUNNEL EXPERIENCE

During Term 2 some of our students had the opportunity to visit the new tunnel for the City Rail Link. It was a requirement for all attending to wear full safety gear including the emergency breathing apparatus pack (weighing around 3 kg) plus all the extra gear we had to don including the cool pink hard hats which the boys just loved. The students were issued with trackers as well. We had 3 check-in points before we even got onsite in the

tunnelling area. We were always attended by 2 staff members and had another staff member following at a distance to ensure we were safe at all times. To get to the tunnel, we had to scale depths of over 30 metres including ladders, scaffolding, mud and water to get down to the tunnel. The team at Link Alliance were amazing, our students are so lucky to have had this incredible experience.

- Ms Reade

AIRPORT EXPERIENCE

This was an incredible work experience during Term 2 for our Year 12 girls at Auckland Airport that could potentially lead to full time work. The Auckland Airport Guest Experience Gateway is the ideal insight into that world and the host of opportunities on offer. Students will also gain NCEA credits that can also be used towards a range of nationally recognised NZ Certificates in aviation and other industries.

BUSINESS OF TOURISM COURSE

Year 13 students completed a Business of Tourism course this year with International Travel College. Every Monday they studied at the campus located in Botany. One Monday, they were out and about doing a scavenger hunt around Auckland Domain with other students from James Cook High School and Howick College.

STAR AND GATEWAY

These courses are a great way for students to attend work experience during school time and/or the school holidays. Students will also gain credits. It is great for our students to get a first hand experience in the workforce, but also learn and obtain useful practical skills.

BENEFITS for students who participate in GATEWAY:

- Gain credits towards NCEA and a nationally recognised award.
- Get new industry knowledge and experience in a real workplace.
- Enjoy the camaraderie from working as part of a team.
- Gateway provides pathways towards future training, study, employment and/or apprenticeship
- Students learn industrybased skills and gain valuable experience and knowledge.

English Department

Relationships are at the core

This report will respond critically to the statement that relationships are at the core of strong texts. This idea is developed in each text. The texts that I will be analyzing are; “The Child” and “Fire on Greenstone”, both written by Witi Ihimaera. As well as “Requiem in a Townhouse” by Owen Marshall and “The Bath” by Janet Frame.

In “The Child” by Witi Ihimaera, the relationship between Tawhai and his Grandmother who suffers from dementia, causes the audience to develop an emotional connection to both characters. This connection makes Nani’s eventual demise that much more impactful. The entire story is based around their relationship, but we get a very intimate look into their dynamic in this quote “Sometimes, late at night, I’d hear Nani crying because she was lonely. I’d creep softly down the corridor to her room and brush her tears away with my hands, ‘You’re too old to cry’ I’d growl her. But she’d keep weeping, so I’d hug her for a while...I’d whisper ‘I’m here, don’t be afraid’. And sometimes, I’d stay with her until she went to

sleep again.” In this we see more of the role reversal that’s so prevalent in their relationship. Instead of the adult comforting the crying child, it is Tawhai who comforts his Nani. Tawhai tries to be stern since that’s what works normally, but he realizes that this cry is different; It’s a cry of utter sorrow. He quickly understands that all Nani needs is for him to be there and that his presence alone is enough for her. Through his relationship with Nani, Tawhai learns to be compassionate and empathetic. The author does this to show how Nani is grieving. Before this point, Nani’s sadness was only talked about but now we see how lonely she truly feels after her husband’s passing. Tawhai couldn’t relate to Nani’s feelings because he had never experienced true loss. The effect this has on the reader is that they form a connection with the characters. They sympathize with Nani’s mourning and they come to realize that Tawhai will soon experience the same. This makes the reader more engaged in the story and what becomes of their beloved characters. The takeaway is that showing such a tender moment makes the characters feel real. When Nani dies at the end of the story, the audience mourns because they care for not only Nani but Tawhai as well. He has never had to mourn a loved one

before. How will he cope with such a significant loss? We are only left to hope that Tawhai’s whānau will support him, just as he supported his Nani. Not everyone is privileged enough to have such strong familial relationships. We see this in the next text.

In a short story by Janet Frame called “The Bath” we see an elderly woman struggle with her loss of independence in her old age. The relationship between Mrs. Harroway and her bath develops the idea that ageing is a natural process that’s part of life. We see this in, “If I shout for help, she thought, no one will hear me. No one in the world will hear me. No one will know I’m in the bath and can’t get out... If she made the effort quickly she could first take hold on both sides of the bath, pull herself up, then transfer her hold to the chair and thus pull herself out. She tried to do this; she just failed to make the final effort... She began to call out but as she had predicted there was no answer. No one had heard her, no one in the houses or the street or Dunedin or the world knew that she was imprisoned. Loneliness welled in her. If John were here, she thought, if we were sharing our old age, helping each other, this would never have happened. She made another effort to get out.

Again she failed... she struggled again to get out; and for over half an hour she stayed alternately struggling and resting until at last she did succeed in climbing out and making her escape into the kitchen. She thought, 'I'll never take another bath in this house or anywhere. I never want to see that bath again. This is the end or the beginning of it. In the future a district nurse will have to come to attend me. Submitting to that will be the first humiliation. There will be others, and others.' " This shows us the protagonist getting stuck in her bathtub. As she struggles, she calls for help and no one responds. In her state of peril, she fantasizes about her husband being alive. For if only he were there, all her problems would disappear. But he's not, and she's forced to lie in the bath until the water goes cold and her breath becomes shallow. Mrs. Harroway is growing old and her mobility is becoming more and more limited. Her struggle with the bathtub acts as a wake up call and she comes to the realization that she's getting too old for independent living. The experience leaves her traumatized and pessimistic about her future. The author did this to show that despite Mrs Harroway's aversion to getting help, she needs it. For her, getting help is a humiliation and is in direct conflict with how she views herself, but deep down she knows the solitary life she's living is not sustainable. She always envisioned that she would live out her days with her husband, and that they would help each other. Getting outside help not only goes against her plans, but it also stands as a testament to how truly alone she is. So alone that she'll be forced to rely on a stranger to complete even the most mundane of tasks. This makes the reader understand why Mrs. Harroway acts the way she does. This loss of her independence is frustrating and explains why she lashes out at her niece who's just trying to help. The takeaway is that ageing is inevitable and Mrs. Harroway's resistance to it only makes her life harder. Mrs. Harroway's only comfort is found when she visits her husband's grave. It helps her feel connected to him and soothes her loneliness. This is common in widows and we see another example of this in our next text.

In the short story "Fire on Greenstone" by Witi Ihimaera, relationships are used to develop deeper ideas for the reader to think

about. Nani Tama's relationship with his late wife makes the audience ponder the idea that positive whānau relationships are enduring. We see this in, " 'You want a feed?' I shook my head. 'No Nani,' I said. 'I have to go soon.' He nodded his head. Then his eyes grew serious. He motioned me to a cupboard and brought out a wakahuia, a small carved box.

'You remember this?' he asked. I nodded. I opened the box. Inside was the greenstone... 'Yes, I remember,' I said to Nani Tama, 'I remember.' That's when Nani Tama looked around the room and asked, 'Shall I give it to him now, Miro?' For a moment there was silence. Then Nani Tama nodded, turned to me and firmly put the greenstone in my hands. 'Your Nani Miro told me to give this to you when you were ready. Are you ready, Tama?' When you are, come home and, this time, stay.' " In the story, the pounamu is a symbol for rangatiratanga. Whoever owns the pounamu, leads the family. Through context clues, we can deduce that the pounamu was Nani Miro's. Tama is the clear successor but since Miro is unable to give Tama the pounamu herself, it is up to Nani Tama to pass on the heirloom. And so Nani Tama takes a minute to ask his late wife for advice when giving Tama the pounamu. In the Māori culture, it is customary to acknowledge the dead when doing a Mihimihi or Karanga. It's important to acknowledge those who came before when in a formal setting. This small interaction shows us that Nani Tama still talks to his wife. The pounamu acts as a "passing of the torch" from Miro to her mokopuna via Nani Tama. The author included this to show that Nani Tama knows his wife is still with him. They can still communicate even though she's crossed over the veil between living and dead. Ihimaera wants us to know that Nani Tama is not alone, despite how he appears. What we can learn from this is that Nani Tama & Nani Miro's love for one another made it possible for their relationship to endure their separation. Love is the most powerful force on earth and it's able to conquer even death. For what is grief, if not love persevering. By reading our final text, we are able to see an opposing side of married life.

In "Requiem in a Townhouse" the negative relationship between Mr. Thorpe and his wife drives the plot and narrative structure of the story. It's because of his relationship

with Mrs. Thorpe that Mr. Thorpe must move away from his beloved homestead, thus kicking off his gradual downward spiral into depression. We see this in, "Mr. Thorpe came off sixteen hundred hectares of hill country when he finally retired, and his wife found a Town House for them in Papanui... Mr Thorpe made no complaint to his wife when he first saw the place of his captivity. She had accepted a firmament of natural things for forty years, and he had promised her the choice of their retirement. Yet as the removal men brought those possessions which could fit into the new home, Mr Thorpe stood helplessly by, like an old, gaunt camel in a small domain." Papanui loosely translates to bountiful earth, making "Town House in Papanui" an oxymoron. This reflects the inner conflict Mr Thorpe feels about his new home. After 40 years on his farm, Mr Thorpe assumed it would never end. Him and his wife made a transactional living arrangement disguised as a compromise. Mrs. Thorpe's willful ignorance towards her husband's plight shows that she is resentful towards him, and views this as "payback". We can infer that the couple got married young and stayed married due to societal pressure and fear. Fear of starting over with someone new. This text lacks dramatic events and has no climax. The author did this to illustrate how dull Mr. Thorpe's life has become since leaving the farm. As we follow the minutiae of Mr. Thorpe's everyday life, we feel his isolation and helplessness. We sympathize with him especially as those around him, including his own wife, do not. The takeaway from this is that when relationships are made from obligation and not love, they eventually become more detrimental than they are beneficial. The disconnect between the Mr & Mrs Thorpe is apparent, they feel more like roommates than they do a married couple. Whether they know it or not, their relationship will be the death of them.

Through critical analysis, I have responded to the statement that relationships are at the core of strong texts. This idea was developed in each text. The texts that were analyzed were; "The Child" and "Fire on Greenstone", both written by Witi Ihimaera, as well as "Requiem in a Townhouse" by Owen Marshall and "The Bath" by Janet Frame.

- Rain Te'i

ESOL Department

Some of these pieces are written by students from the ESOL Department. ESOL stands for English as a Second Language and is also known as EAL (English as an Additional Language).

MADINA GRADUATES FROM MIT

Congratulations to Madina Salem Khel, a former ESOL student with Huni and Sally who graduated this year from the Manukau Institute of Technology. Madina now has a NZ Diploma in Early Childhood Education and Care. Here she is pictured with her Mum and sister Sadia. It was a memorable and overwhelming moment watching Madina receive her Diploma.

Thanks to our Māngere Family for all your support for our students.

- Rosalie Kwan

KEEPING ACTIVE

On Friday I play volleyball but other students play badminton.

I like to play volleyball and soccer because they are my favorite sports. I don't like badminton. I like going to the gym with my friends. I enjoy spending time with my new friends, it is fun to run around with them.

- Mohammad Bashardost 9AU

Hi, I'm Samir, a student at Māngere College.

I go to the gym on Friday and I play football with Mahdi. Mahdi is good at playing football.

By watching how he plays I have learnt some new skills.

Today is very hot. I played at lunch time.

I like football and volleyball. Just today I played football.

I enjoy Friday sports because there is nothing to do at lunch time.

I can make new friends, have fun and play other sports.

Sometimes we play volleyball and badminton.

My friend Ali plays badminton and Mohammad plays volleyball.

- Samir Ahmadi 9AU

LITTLE GARDENS

How we made the Little Gardens from New World.

Materials: Soil, plastic, container, water.

1. Break the soil into pieces
2. Put the soil in the plastic container and add water.
3. Mix the soil and the water.
4. Pot - put the soil into the pot.
5. Put the seed on top of the soil.
6. Cover the seeds with soil.
7. Put the label into the pot.

- Samir, Ali and Mohammad 9AU

TRIP TO MĀNGERE BRIDGE

In Term 3 we took the junior ESOL students to the library at Māngere Bridge where we issued them with library cards and they had a tour around the library so they could choose a book. We were lucky that our guide could speak Samoan

(and Maryam came to help the Farsi speakers) so questions were answered about borrowing books and using the libraries in Auckland. Then we took a walk over to the new Māngere Bridge - Ngā Hau Māngere - where we had a snack

of sandwiches, doritos and fruit. A good time was had by all. There are many fishing rod holders on the new bridge and nice seats. Many thanks to Maryam and Rosalie for all their help.

-Sally Hay

STOOL MAKING PROCESS

First, we marked a circle on the wood and cut the circle out of the wood. We cut out one circle, 3 support blocks and 3 long rectangular shaped wood pieces for the legs. Then, we had to sand them all. We put glue on the support blocks and at the top of the long leg. We drilled a screw hole at the top of the support block with a cordless drill. We used a screw driver to fasten the screws to the legs. We glued and nailed the legs to the underside of the Top. We drew our names and a pattern with a poker burner tool. Lastly, we painted the stool with polyurethane, sanded it and polyurethaned again.

- Zohra Ahmadi, Samir Ahmadi, Ali Reza Bashardost, Mohammad Bashardost and Tawos Bashardost

SCHOOL GARDEN

In the afternoon I went to the Māngere College garden with my small class. It was Maryanne, Kapeli, Say Na, Ms. Sally and Rosalie. When we first entered the garden we saw a lot of vegetables and fruit. We saw cabbage plants, silverbeet, capsicum, chillies, lettuce, and lemon. Also we saw blackberry, kiwi fruits, strawberries, guava, and an orange. We planted the beetroot and then we watered them. We covered them so the birds couldn't eat the plants. Today we took pictures of watered plants.

- Maryanne Paongo 9S1

FURNITURE FOR NEW FAMILY

Ngā mihi to Mr Aubrey for this wonderful work he has done with these new students who have only been at Māngere College for a few weeks. Here they are standing above proudly with their sisters holding their new wooden stools. From the left Zohra Ahmadi, Samir Ahmadi, Ali Reza Bashardost, Mohammad Bashardost and Tawos Bashardost.

Languages Department

COOK ISLANDS

Epetoma o te reo Māori Kūki 'Āirani

This year's theme for 'Epetoma o te reo Māori Kūki 'Āirani – Cook Islands Language Week was 'Ātuitui'ia au ki te Oneone o tōku 'Ui Tupuna which means, 'connect me to the soil of my ancestors'. This is a reflection on the journey of Cook Islands peoples in New Zealand, as well as the longing of young Cook Islanders to connect with their language, culture, and identity.

This year the MC alumni Samson family who are also from the successful group Samson Squad - were the face of the MPP Cook Islands Language Week and you

can check out the poster of them to the right.

Meitaki ma'ata to everyone who helped celebrate Cook Islands Language Week at Māngere College this year.

A special mention to our Cook Islands students for running the events and entertainment all week. Meitaki to all of our Cook Islands staff - Mr Teina, Ms Wade, Mr Upokokey-Henry and Tai. A final mention to our amazing Master of Ceremonies Tavake Kamana.

MANDARIN (CHINESE LANGUAGE WEEK)

At the end of September was the annual Chinese Language Week - in the language of Mandarin. This year we held a lot of activities to help immerse our students in another culture and language.

Activities included a quiz just for students, with prizes to be won for those who are lucky to be drawn.

Also every day during break 2 there were different activities for students to try in the library from calligraphy to origami.

In August our Mandarin Language students had Chinese dumpling workshops. Students really enjoyed the experience and impressed our facilitators with their good manners and passion for the language.

SAMOAN INDEPENDENCE CELEBRATIONS

This year our Level 3 Samoan students took part in a historical event in Māngere. It was the 60th Independence celebrations for Samoa which included a march through the Māngere Town Centre on Monday 6th June.

Samoa's first female prime minister Fiame Naomi Mata'afa was also present, and given the full traditional Samoan welcome at the 60th Independence celebrations at Fale o Samoa on Monday.

Our students marched with the wider Samoan community to celebrate the last day of the Anniversary of Samoan Independence and then they performed in the Fale o Samoa in front of many Samoan dignitaries.

It was a special morning of celebrations for our Samoan community, as well as celebrating with Mrs Ah Sam on her Queen's Birthday honours list achievement.

SAMOAN LANGUAGE WEEK

Vaiaso gagana Samoa (Aso Sa, 29 Me i le Aso Toanai, 4 Iuni) Samoan language week is very important this year as Samoa celebrates 60 years of independence.

This is the year of Samoa in the Pacific and we begin this week in Aotearoa with the celebration of “Le Vaiaso o le Gagana Samoa”.

This year the theme of Le Vaiaso o le Gagana Samoa – Samoan Language Week is Fa'aāuāu le Folauga i le Va'a o Tautai, which translates as 'Continue the Voyage with Wayfinders of the Ocean'.

This theme aligns with the Pacific Language Weeks overarching theme of sustainability, and the start of the UNESCO Decade of Indigenous Languages, which recognises the right to preserve, revitalize and promote languages, and linguistic diversity in sustainable development. Since it is Samoan Language Week, the students

studying gagana Samoa decided to do some fun activities and some items to celebrate our language.

On Monday 30 May, Samoan Language week was opened with breakfast in the hall with Samoan cuisines. Students in Y13 gagana Samoa class opened the Staff briefing with a prayer, sang the Samoan National Anthem and a presentation with the Road to Independence in 1962. Each Samoan class participated in this event through performing a Samoan Siva in front of the school at the

hotspot every lunch & interval time throughout the whole week. The Year 13 gagana Samoa class prepared breakfast for the week which was Samoan food, eg Kokoalaisa, kopai, supo esi etc. The staff were given tuition by Ms Tualaulelei and Mr Toomata on how to perform a Samoan siva and staff performed in front of the school during one of the breaks. A big feast prepared by Samoan teachers and support staff was held on Friday to conclude Vaiaso gagana Samoa.

- Gardenia Lemoa

TONGAN LANGUAGE WEEK

This year's theme for Uike Kātoanga'i 'o e lea faka-Tonga - Tonga Language Week - is: Ke Tu'uloa 'a e lea faka-Tonga 'i Aotearoa, which means Sustaining the Tonga Language in Aotearoa.

Ke Tu'uloa 'a e lea faka-Tōnga' 'i Aotearoa has a positive and progressive connotation. To support the overarching Language Weeks theme of Sustainability, the word TU'ULOA in the theme this year means to continuously grow, nurture, and sustain a valued idea, practice, event, or memory in an enduring way.

Malo 'aupito to our Tongan students for an awesome week of celebration during Uike Kātoanga'i 'o e lea faka-Tonga - especially to our MC's Taniela and Meliame. During the week we saw many of our students and staff of all cultures proudly wearing ta'ovala and kiekie to celebrate the Tongan culture.

A special mention to our families who came along to dress and support our Tongan students in their performances and to pass on important cultural traditions.

FIKA IT OUT

On Wednesday of Tongan Language Week we held a special Mathematics competition called 'FIKA IT OUT'. The comp was special as it was the first ever inter-school Mathematics competition where questions and answers were all in Tongan. What a fun way to enhance the Tongan language and build relationships with local schools. Well done to Ms Ma and the Mathematics Department for this initiative.

Learning Support Centre

To empower our students to develop skills to become independent lifelong learners in an inclusive environment is the vision of our Learning Support Department. We support students with a range of learning and behaviour needs, so that they experience success at Māngere College.

In our dedicated space, the additional support ranges from specialist support in literacy and numeracy, transitions, Teacher Aide support: in-class, 1-1, small group, mentoring, tutorial help to students who need assistance, constructive support to students whose behaviour affects learning and provide access to external agencies where appropriate.

- Roshni Singh

STUDENTS' COMMENTS:

'I love coming to LSC because they are very helpful and make you understand what is required. I love 1-on-1 teaching because it makes more sense. Every day is special at LSC with amazing learning support staff - they are the best in school. My writing has improved because I used Google Read and Write - it is awesome! Wishing Peter all the best for his future as he was my Maths and English learning support teacher.'

- Nale Uluga and Martinez Afoa

Mathematics

Yet another fun-filled year for Mathematics and Statistics at Māngere College with new and exciting inclusions to both the department and learning opportunities for students. With changes in the department due to promotion, we have been blessed to have the experience and expertise of our new Assistant HoD Miss Taukolo. She joined us at the beginning of the year from Ōtāhuhu College. We also welcomed back Ms McCosh who returned from maternity leave and parted ways with Mr Good.

CONGRATULATIONS

- Miss Ma for being awarded the 2022 Margaret and John Kalman Charitable Trust Mathematics Teaching Prize award.
- The Maths department won graphics calculators from Casio worth \$1000.
- The Maths department was part of promoting the 2023 Census for Stats NZ

EVENTS

- Interform Math quiz during Maths Week
- Team competition in Samoan Language during Samoan Language Week
- Inter-school Maths competition in Tongan Language during Tongan Language Week
- Inter-school Maths competition for South Auckland primary schools

CLASSROOM LEARNING

This year, we were able to make some changes to our courses which gave students more opportunities to expand their understanding of the subject and create more options in terms of pathways. With the new changes happening in 2024 for NCEA, the department has been proactive with planning units so that our students in Year 9 are better prepared when they experience the new NCEA package as Year 11 students.

However, due to Covid, attendance has been an issue. But like last year our students were given access to LearnCoach provided by AUT and free tutorials for students by the University of Auckland.

Exciting developments through modified units are on the way for 2023 and we hope that it makes the learning more relatable for our students.

We want to wish our Year 13 students all the best with their future endeavours and we look forward to another great year in 2023.

Performing Arts 2022

PERFORMING ARTS SHOWCASE

This year's Performing Arts Showcase was a celebration of excellence in dance, music and drama at MC. Held at our very own auditorium, the Showcase highlighted the diversity and creativity of our senior performing arts students. Many thanks to The Rock Factory who transformed our auditorium into a magnificent theatre space, and to all the staff, students and whānau who supported this event. And most importantly, congratulations to all the performers who gave it their all and performed spectacularly.

PERFORMING ARTS AWARDS NIGHT

We celebrated our talented rising creative artists at our annual Performing Arts Awards Night on Wednesday 24th August. Our Music, Dance and Drama award winners were honoured for their hard work and commitment to their craft which has resulted in excellent results this year.

We also enjoyed stunning performances from vocal groups Belle Ame and Niu Sound, vocal soloist Lexus Walters (feat. guest cellist Leo Shin), and we welcomed back MC Alumni musicians Reupena Kilipati aka Samoan Cowboy, Unaloto Leleifi, Johnathon Lemalu and Levi Tavai.

CONGRATULATIONS TO ALL OUR 2022 AWARD WINNERS AND PERFORMERS:

2022 Award Winners

- Most Improved Dancer : Mairangi Gilbert
- Most Promising Dancer : Cassie Lualua
- Most Promising Drama Student : Nise Lam
- Choreography Award : Almeera Shah
- Team Player Award in Dance : Pypher Tohilima-Franklin
- Instrumental Award - Piano : Benitio Henry
- Instrumental Award - Guitar : Mairi Nikau
- Instrumental Award - Drums : Dennis Sofara
- Instrumental Award - Vocals : Lexus Walters
- Most Promising Musician : Seti Savele
- Songwriting Award : Ricardo Samuelu
- Showcase Tech Team Award : Alamoni Matangi
- Showcase Crew Award : Lakai Maea
- Showcase Leadership Award - Dance : Mele Lelenoa
- Showcase Leadership Award - Music : Caylis Masinamua
- Showcase Excellence in Music : Ricardo Samuelu
- Showcase Excellence in Dance : Pypher Tohilima-Franklin
- Showcase Excellence in Drama : Nise Lam
- The MC Way Award : Leta Aleni
- 2022 Leadership in Music : Temaleti Sinani
- 2022 Leadership in Dance : Mele Lelenoa
- 2022 Leadership in Drama : Leta Aleni
- Future Star Performer Award - Music : D'nadcyn Matia
- Future Star Performer Award - Dance : Fay Keniseli
- Future Star Performer Award - Drama : Henry Mataora
- 2022 Supreme Performing Artist Award : Leta Alen

APO RHYTHM & BLUES REVIEW BAND VISIT

Our Year 10 Music Students had the opportunity to watch the Rhythm and Blues Review Band when they visited MC from the Auckland Philharmonia Orchestra. They were highly entertaining, coming dressed in the style of the Blues Brothers and having our students up dancing and singing along to their familiar tunes. This performance complimented the work and exploration Year 10 have done this year on Blues Music and was an inspiration to all who got to witness where music can take you and the variety of styles there are to play with.

STAND UP STAND OUT 2022

The first week of August saw our vocalists head out to OMAC for the 2022 Stand Up Stand Out Competition. Vocalists D'nadcyn Matia, Temaleti Sinani, Pypher Tohilima-Franklin, Luisa Lualua, Caylis Masinamua and Seti Savele competed in the Solo Vocal Category on Monday 1st August, while our vocal groups Niu Sound, JML, Legacy, Belle Ame and Expressionz competed in the Group Vocal category on Friday 5th August.

Huge congratulations to Caylis Masinamua who progressed to the Solo Vocal Semi-Final, with her original song, "Butterflies". She then performed at the Aotea Centre's Herald Theatre on Saturday 3rd September with another original, "Dear Younger Self". The judges were so touched by the song and were in tears by the message that she brought forth in her spoken word. Competing against the Top 30 Solo Vocalists on the day, Caylis held her own and was announced as a Finalist, progressing to the Top 6 vocalists to perform at the Town Hall.

Congratulations also to vocal group 'Expressionz' (Ricardo Samuelu, Seti Savele & Caylis Masinamua), performing Ricardo's original song, "Loveaholic", who were selected in the Top 5 vocal groups and performed at the Final at the Auckland Town Hall on Saturday 24th September.

STAND UP STAND OUT 22

GROUP VOCAL FINALISTS:

- Toka Tu Moana Choir - Tangaroa College
- Ingrid and Jess - Pakuranga College
- Freedom Fours - Papatoetoe High School
- Reawaken - Manurewa High School
- Expressionz - Mangere College

SUSO COMPILATION ALBUM 2022

Congratulations to Caylis Masinamua and Ricardo Samuelu who's original songs were selected to be featured on the 2022 SUSO Compilation album. They will have the opportunity to head into the studio at OMAC and professionally record their songs - Caylis' song "Dear Younger Self", and Ricardo's song "Sick".

STAND UP STAND OUT 22

SOLO VOCAL FINALISTS

- Michael Percival - Long Bay College
- Caylis Masinamua - Mangere College
- Aaliyah Magalogo - Aorere College
- Charles Lia - Manurewa High School
- Rachel Kim - Rutherford College
- Grace Allis - Kristin School

APO RHYTHM & BLUES REVIEW BAND VISIT

Play It Strange Lion Foundation
Songwriting Competition

Congratulations to Year 12 Music Student, Ricardo Samuelu, who is a winner in the 2022 Play it Strange Lion Foundation Songwriting Competition. This is a huge achievement, as this is the biggest songwriting competition in NZ, with thousands of entries from Year 9-13 students from all over NZ, judged by Mike Chunn, CNZM. As a winner, he receives Rockshop money in addition to a professional recording studio package where he will record his winning song, "Loveaholic". The song will be mastered and released on the 2022 Play it Strange Album and will be available for download on all streaming platforms.

Ricardo, along with his Expressionz group members Seti Savele and Caylis Masinamua, headed into Crescendo Studio on Thursday 22nd September with renowned producers Reece Muir and Nesian Mystik's David Atai to record 'Loveaholic'.

ALATINI AT THE Q THEATRE

On Thursday 13th October, a group of our performing arts students and leaders attended the opening performance of Alatini at the Q Theatre. Alatini was a spectacular show - an original take on Disney's Aladdin that encompassed music, dance and drama, all with a Pasifika flair. We were proud to see MC alumni student, Adyhana Urika Filifilia, in the lead female role of 'Kalani'. In particular, it was very special to see her performing her original song 'Justice Please' (which was first performed at our Performing Arts Showcase in 2021), in a climatic moment in the show.

COLAB 3 - UNITEC DANCE SHOW AT TAPAC

On Friday 16th September, a group of our senior dance students had the privilege of attending an exciting selection of group works by Unitec's Year 3 contemporary dance students. It was full of energy and diversity that celebrated live movement, sound and design.

PERFORMING ARTS LEADERS 2022-2023

Our new Performing Arts Leaders for 2022 - 2023 are:

MUSIC: Caylis Masinamua & Ricardo Samuelu

DANCE: Cancy Maro & Almeera Shah

DRAMA: Nise Lam & Henry Mataora

2022 Supreme Performing Artist Award : Leta Aleni

Physical Education & Health Department 2022

A busy and fun-filled time within the PE dept this year. Here are just some of our highlights.

JUNIOR PE

Our Junior PE programme is about developing and improving skills and learning to work within a team. This year we had an emphasis on using and developing our interpersonal skills to help others and ourselves and to understand the importance of physical activity and how it relates to our hauora.

Throughout the year our students have participated in a variety of different sports and activities including, athletics, fitness, games, gymnastics and swimming.

This year we introduced our new PE uniform for Year 9s, which looks great.

SENIOR PE

In our Senior PE programme we offered 4 Achievement Standards looking at building and improving on the students' knowledge from Year 9 & 10. In our first standard, we focus on our interpersonal skills and the students create and work within teams to coach and officiate each other. This challenges our students to listen and understand each other's views.

In our second standard, we challenge the students to participate in a variety of different games and activities many of which they have not experienced before or are not familiar with such as archery, lawn bowls or soccer. Students are then asked to consider some of the factors that influence their participation and how and why they participated.

We also have a Performance Standard where students are required to perform an activity or sport to a high standard regularly.

Our focus in athletics is all about personal best and being the best we can be. We take part in different athletic events such as sprinting, middle distance, long jump and throwing and consider how we can improve our scores through good techniques.

SPORTS LEADERS

This year our Sports Leaders classes have supported and contributed to our local community and local schools' soccer and volleyball tournaments, which includes our local feeder schools- Koru, Viscount, Māngere Central and Robertson Rd.

The students were involved in setting draws for the competition, refereeing and tournament administration. The participating schools were extremely complimentary about how we have facilitated the smooth running of the events.

In the Fitness component, we look at how the body responds to exercise and ways to improve our fitness. We consider different training methods and the best ways to meet our personal needs. We also consider how regular exercise and good eating habits can improve our hauora.

In the Games component, we explore how different strategies and tactics can help to gain an advantage over our opponents. We looked at offensive and defensive strategies and how creating space, marking and losing a player plus good techniques all play a part in helping our team succeed. We look at different games including invasion games, striking and fielding and net and wall games. We also look at different games from around the world and consider how these differ from what we are used to and the influence they have on society.

SPORTS SCIENCE

Our Sports Science students this year got to experience two fantastic days at Tree adventures and Wero Water Park for white water rafting.

This was part of our assessment looking at Outdoor Activities and the risks involved.

Science Department

This year has been a challenging but rewarding year for the students in the Science department.

Our learners and teachers are what makes our department special, each year I look back at what the students have achieved.

The department had students engaged in Science trips to the Zoo, Arataki and to Auckland University of Technology for the Pūhoro Science Wananga.

The University of Auckland through Dr Neil Broderick and Mr Andy Wang brought their knowledge to our department to help our L2 Physics on their Fibre Optics research and our L3 Physics and Chemistry through tutorial sessions. They also provided mentoring sessions to our students through their Tuakana outreach programme and Scholarships for students who will be studying Physics/Chemistry/Maths at University of Auckland.

George Magdalinos and Tammy Rush from Nanogirl visited our school and provided Science experiments and demonstrations to teachers and students with an aim to inspire students to build superpowers through science.

I want to thank the Science team and congratulate all our Year 13 Science students for achieving a great milestone in your life and wishing you all the very best for your learning journey in 2023. Next year we will see further development and improvement something which I am excited and passionate about.

- Viliami Bloomfield,
Head of Science

Ngā mihi nui to our Pūhoro Kaihautū: Whāea Sina, Whāea Wai, Pā Karl and Pā David for mentoring our students this year.

The Pūhoro Kaihautū have weekly visits to our kura to support with STEMM (last M is Mātauranga). The photo above right is of the end of term wrap-up. We shared kai and reflected on our term goals and how our subjects are going heading into Term 4 exams. On Wednesday

31st August, the Pūhoro STEMM Academy received recognition for the collective mahi they do to improve equitable access to STEMM education and employment. At the NZ Diversity Awards they were the winners of two awards – The Ngā Āhuatanga o te Tiriti Award for small to medium business/organisation and, at the end of the evening they were acknowledged with the NZ Diversity Supreme Award. Congratulations to the Pūhoro roopu!

Social Science Department

This year has been an exciting year for the MC Social Sciences Department.

We have continued on our track record of improving our Merit and Excellence attainment. Pre-covid on average 5% of all credits in our department were Excellence, in 2021 it was 10% and so far in 2022 we are at 17%. We are proud to be on track to exceed the school's target of '40% of grades at Merit or Excellence level'. We have also had a great year with our new course 'Sustainability'. Read below for some highlights

SUSTAINABILITY

This year we launched our new course Sustainability. In this course, we look at ways people's actions have consequences for the future. Some highlights of our first year include: Michael and Mikayle presenting to Māngere-Otāhuhu Schools Panel in Term 2, working with Hateni from Unitec on building climate change resilience in Māngere through the use of GIS mapping, teaming up with

from this. In 2023 we are planning a trip to Japan, and in Term 3 and 4 this year our students have been fundraising - you may have seen our drink stall in S block or visited us at a sausage sizzle, thank you for your support! We want to take a moment to thank Mr Davis who left Māngere College in Term 2, all the best for his future. We are also saying haere rā to Mr Rahim and Mr MacLeod who have been with us for part of this year, all the best for your future.

GEOGRAPHY

This year has been another interesting year for Geography at Māngere College. This year our Year 12 class went with 2SUS to Kororāreka / Bay of Islands to participate in an 'action project' to improve outcomes for our native birds and plants. One thing we would like to do is bring some of our new learnings back to MC to create a native garden at school. Like our department our Merit and Excellence results have been the best ever, we would like to thank Ms Tatafu for her mahi in this space.

HISTORY

This year in History we have continued our examination of events of the past and how these influence how we see the world today. Our History classes had exciting trips that influenced how we look at the world. This year we continued our (new) tradition of starting Term 1 by looking at ourselves and our identity. Our 'Indigenous History' unit focuses on looking at how history can be recorded, passed on and preserved. Often when we think of 'History' we don't think of moments when we are sitting in the whare or fale and sharing stories or past times which could include legends or practices. This is History. We are excited about the introduction of the new NCEA Pacific Studies standards which will complement what we are already doing.

- Aidyn Rasmussen,
Head of Department

Technology Department

The year 2022 has certainly been a challenge for the staff and students who spend a lot of their time in the Technology department.

Term 1 saw a number of staff and students out with Covid – this meant that time spent doing practical work was severely reduced and we have been playing catch-up for the remaining 3 terms.

We welcomed back the Year 8 students from Viscount Primary School and they spent their Wednesday afternoons learning new skills from Mrs Franso, Ms Singh and Mr Aubrey.

The workshop Technology classes have been full and very busy which is fabulous – it is always great to see students demonstrating the skills they have been taught by Mr

Padavatan, Mr Sameem and Mr Aubrey. We welcomed our part time Technician at the beginning of the year – Mr Maskell has been a great support to our hard working teachers.

On entering D Block you cannot help but notice the yummy smells coming from the kitchen, where students have been demonstrating their cooking skills, mostly supervised by Mrs Franso and Mrs Maskell. The experiences of D Block would not be complete without the smell of coffee and the sound of the grinders and barista machines hissing, steaming and producing the coffees and hot chocolates for staff and students to enjoy.

Our Digital Technology students have continued to thrive and embrace the new skills that they have learnt under the guidance of Ms Singh and Mr Bennett. Mr Bennett leaves us at the end of the year to take up a new position at Mana College which is closer to his family in Wellington.

It has been a busy but fulfilling year and we look forward to the challenges and rewards of 2023 after a refreshing holiday and hope that our students continue to work hard and reach their potential.

- Viv Maskell, Head of Technology

DESIGN & PRODUCT DEVELOPMENT

In Design and Product Development, students continue to enjoy designing and developing products and buildings. During the year, they learnt a range of design skills and visual communication techniques to produce concepts and prototypes and they found it fun and rewarding.

Over the past two years we have developed this new subject option in the Technology Department called Design and Product Development (DPD). DPD is made up of a combination of Design and Visual Communication, Graphics and Multi-materials. This has proved to be a great opportunity

for students to be able to learn new skills in designing and making useful products within one subject.

The Year 10 DPD class focuses on their visual communication skills early in the programme. Students learn free-hand sketching techniques to design products that they will make later in the year.

Students follow a design process and make products using a range of materials such as pewter, plywood and sheet metal. They have enjoyed designing and making personalised pendants, clocks and jewellery boxes using the tools and machinery from our well-equipped Technology workshops. They are able to take their products home and show it to their Whānau.

In the senior DPD and DVC classes, students have been working on their chosen spatial design topic. They have been redesigning our local bus stop, a social space for students to study and learn, and a sports and recreation centre. Students have been introduced to Pacific and Māori architecture with some choosing to research these cultural designs further. Students have found this to be a very interesting topic as we explored some of the heritage of New Zealand architecture.

As we look to look grow and strengthen this option, we are looking to include more digital tools that will encourage more innovation and creativity.

- Neville Padavatan

FASHION

It's been an exciting year for Fashion at MC. One of the highlights has been taking my Level 1 and level 2 Fashion girls to the holiday programme for Fashion during the first week of Term 2 holidays in July at the Whitecliffe Fashion

Tech in Manukau. The girls learnt to use an industrial sewing machine and stitched a basic Kimono for themselves. Rosalie (our teacher aide) helped in transporting the girls from school to Whitecliffe Fashion Tech.

Check out the photos of the girls wearing the Kimono they stitched. The students who attended the

holiday programme were: Mee Cho, Mem, Dayna, Hserku, Shwe, Shriti and Aqila.

Every week we also have Year 8 students from Viscount Primary School coming along and engaging in Fabric Technology as well as the other Technology subjects. Check out the photos of a fun flag making project for our Viscount visitors.

- Nalini Singh

ENGINEERING

Our Engineering students are enrolled in the specialist Manufacturing Pathway Skills (MaPS) programme and these are the skills they have learnt over the course of this year:

- Able to demonstrate knowledge of drawing principles;
- Can interpret mechanical engineering drawings;
- Students can produce mechanical engineering orthographic drawing in third angle projection;
- Able to construct geometric details either manually or through CAD.

- Mohammed Sameem

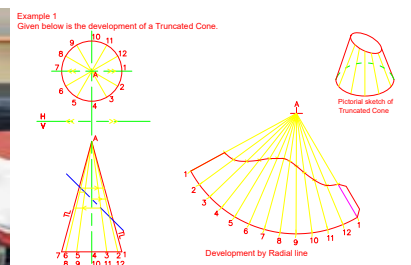

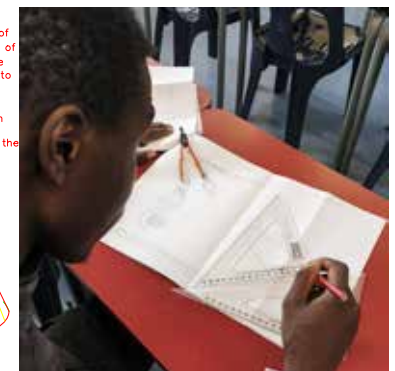

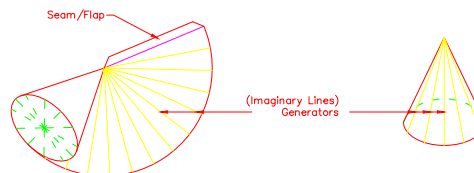

RADIAL LINE DEVELOPMENT

This method of surface development is used on Cones and Pyramids. There are two types of cones and pyramids; the right cone/pyramid and the oblique cone/pyramid. The centre line of the right cone/pyramid is at right angle to the base whereas, for oblique cone/pyramid the centre line is not at right angle to the base. For cones and pyramids it is very important to use the true length for drawing the development.

Two Basic Rules for finding True Lengths

1. If a line appears as a point in one view, the same line will appear as the True Length in the adjacent view.
2. If a line appears parallel to the reference line in one view, the same line will appear as the True Length in the adjacent view.

Given below is the 'stretch out' of a Cone

SCHOOL ACTIVITIES

Our Library

The library is often the warmest place during the earlier hours of the day. This being a fact it entails students and teachers who arrive early to school to finish schoolwork, to find warmth or just see their friends. It has been another busy year for the library and librarians with teachers and students alike constantly using the library throughout the day for classes, issuing and returning books.

We commemorate events like Library Week, a fun week for students to go to the library and participate in activities led by students of their year level on different days of the week. We also celebrated Music Week with a display of instruments and books.

LANGUAGE WEEKS

Language weeks are commonly supported weeks where over the year Mrs Kumar and the student librarians dress up mannequins and display books in the library according with the culture of the week. This is to highlight to everyone they are “welcome” to the library and experience the diversity we have in our school.

DAFFODIL DAY

A social activity we support through the library is Daffodil Day. Student librarians sell little flowers and stickers for a donation. This contribution helps support cancer research. The donations to the Cancer Society show Māngere College’s willingness to support this particularly worthy cause.

The library is a place where students go to have classes, gain knowledge, feel the warmth and safety in a school. The library is a prominent place for students and teachers alike. Come along and visit us, as we aim to help you ‘Seek the Heights’.

- Michael Tuilimu

2022 STUDENT LIBRARIANS

Sitting on the floor (left to right): Silone Leatioo, Shaziyana Shafeez and Sumaiya Mohamed Faiz.

Sitting on the chairs: Caylis Masinamua, Oumaima Ahmat Abdallah, Krizzia Mae Quinones, Mrs. Kumar, Fatima Hussaini, Hserku Hser and Katherine Pio.

Standing behind the chairs: Nale Ulunga, Danielle Mancer, Mahnaz Barbari, Jade Peniuesi, Michael Tuilimu, Roanna Wah and Josiah Ah Lam.

Standing, Last row: MeeCho Shwe, Shwe Ko, Nargis Hussaini, Ato Mamea, Mary Ainiu, Sameme Mamea and Lautusi Siaosi.

Absent: Ehsan Ahmadi, Moubarack Abdallah, Marlitz Afoa, Faleaka Davobalavu, Benjamin Galo, Fuard Mohamed Faiz, Matina Nauer, Zechariah Pio, Aaeza Shameer, Ethan Taia, Losa Tonga, Detu Lau, Christine Leatioo, Avi Narayan Reihana, and Latai Tonga.

Manawa Whenua Hauora

LEADERSHIP PROGRAMME

Congratulations to the students involved in the 2022 Manawa Whenua Hauora programme! They completed a very successful year honing their leadership skills while exploring different aspects of hauora and mental wellbeing. It's been wonderful seeing students step up to the mark and taking on the roles of facilitators and guest speakers. Handy tips about developing confidence were shared by Student Leader Fatima Hussaini, Deputy Head Girl Gardenia Lemoa and past Hauora leader PJ Campbell. Lautusi Siaosi facilitated a workshop on Respect, and Head Girl Rain Te'i plus Head Boy Makarini Puiriri elaborated about Māori culture in celebrating Matariki. Group

work on Resilience kickstarted Term 3 followed by Mr Alex Henry making a guest appearance to discuss Positive Connections. Next, Mr Hermann Arp and his film academy team comprising of Caylis Masinamua, Perenise Lam (Best Actress winner) and Michael Tuilimu, ran a communication activity before discussing how to express themselves through filmmaking. Ane Poulivaati, Henry Mataora and Tulei Salu presented a session on Connections and Semisi Poli Pakalani and Taniela Takisi led the students through an active Tongan dance workout. Head Girl Rain Te'i returned with fellow student leader Te Amorangi Nuku to share the importance of culture

referencing tikanga Māori, while Mr Paul Campbell, Lautusi Siaosi and Jasmine Lemoa led scenarios handled by peer support leaders and showed video interviews of staff and MC students, commenting about wellbeing. Toko clinical psychologist, Pauline Taufu, rounded off Term 3 promoting mental health awareness week. Highlights this year were the fundraiser held in June, the holiday trips in July and October, the finalisation of a permanent badge, the presentation of the badges to the leaders by Mr Webb and the support of the Manawa Whenua Hauora programme by the Ministry of Education, with funding, until June 2023.
- Marina Potter

MC Media

This year has been a very eventful year for Māngere College and as a result of this, we've had some awesome moments captured by the skilled MC Media crew.

If you've seen epic photos of school events such as the Performing Arts Showcase, the Film Academy Awards night, sports games and many more, chances are they were taken by our amazing Media Crew. Although the crew is exceptionally good at taking photos, their capabilities do not end there. The MC Media Crew even have their own Instagram account (@mangerecollege.media) that centres around documenting the life of a Māngere College student and events happening around school. On the topic of social media, the team has also been working on a super exciting project, titled "The Hero Project", where students talk about the heroes in their lives and why they consider them to

be heroes. You can check this out on both the MC Media Instagram account and the 275 Times Instagram account. 2022 has been a highly active year for our MC Media Crew and we look forward to seeing more things from them in 2023.

MC Debating Team

This year has been an especially busy one for our MC Debating Team.

Wrapping up the debating season in Term 2 this year, their last debate was particularly memorable when there was a power outage as the team was preparing for the debate. However, when given the alternative to forfeit, the team refused and decided to continue on with the debate. The team ended up completing the debate outside the Māngere Town Centre library

on a mobile phone, using the wifi. Despite how challenging debating in these circumstances was, the team ended up taking the win! Our debate team has also been attending training sessions with the De La Salle debate team on the weekends. Training with De La Salle has benefited the team greatly, as they have learnt a range of different skills as well as formed beautiful friendships along the way. For the debate team, this year has been full of laughs, challenges and most importantly, teamwork. Debating at

MC will continue next year so if this sounds like something that interests you, we highly encourage you to try out for the team next year! Also, a huge congratulations to most of the senior debate team on becoming student leaders for next year: Eh Htaw Kue, Mikayle Babulal, Roanna Wah, Lillio Vea and Lautusi Siasosi. And a huge acknowledgement to debates coach and Year 10 dean, Mrs Telea for being an amazing mentor for the team this year.

- Manuia Fox-Romia

Our MC Refugees

REFUGEE WEEK + MATARIKI DAY OUT

During Term 2 our students celebrated Refugee Week with a range of festivities during the 20th to the 26th of June. On Monday we had a guest speaker from RASNZ (Refugees As Survivors NZ) speak about refugee arrivals. Teachers and students learnt about refugees' experiences and challenges. During the week we also had an amazing shared morning tea with refugee students and staff. On Tuesday there was a Healing Hands Workshop to go with the theme of 'Healing'.

Some of the hands read: 'Make happiness a habit', 'Diversity is a strength', 'Life is short-be happy', 'You can do it!' 'The more you smile, the better you look', 'We are one & We are family'.

On Friday, our refugee students visited the Matariki Dome at David Lange Park.

We started at David Lange Park with the Te Reo class inside the Matariki Dome. There was a very informative video about Matariki then we did the macarena to the names of the stars. Later outside students took

part in outdoor games.

At 11am we went across the public library in the Māngere Town Centre where we were taught how to weave flax, the students enjoyed this. At 12.45pm we jumped on a bus and went ten-pin bowling. For some of us, it was the first time and some people became very competitive. A memorable day out for our refugee students and staff.

CAREER PATHWAY EVENING

In October we held our annual Career Pathway Evening for our students and whānau from refugee backgrounds. There were current students and alumni students who attended. We were inspired to listen to some of our alumni refugee students who were our guest speakers, as well as speakers from various educational institutions. The evening was finished with an amazing dinner cooked by the families of our students.

"Last night, there was a refugee programme dinner at Māngere College, where some teachers and immigrant students were present. It was a great night for all of us. Students and their families cooked

the local food of their country and also people from MIT, AUT, Auckland University, the Afghan community, and a variety of people were present. It was still a great night with them, and everyone's food was delicious. I hope we will spend this beautiful night again next year."

- Zahra Nusrat 12TN

KARENNI DEEKU FESTIVAL

Rosalie and Sally were privileged to be invited to the Karenni Deeku festival that was held in September by the community in the school auditorium. It was a wonderful celebration and it was great to see these students performing dances, and fashion shows depicting their traditional dress and songs. You might remember Me, a rather shy student from a couple of years ago. He got up and sang a duet with someone. We discovered he is not shy when performing in his own language. The Deeku Festival celebrates the rice cake which is boiled and wrapped in bamboo leaves. This rice cake is a symbol of freedom for the Karenni people. The current students performing were Ree Meh, Ku Meh, Sae Meh, Key Reh and Meh Rey.

- Sally Hay

Ko Māui Hangarau

Whaea Moana, Ms Tualaulelei and Ms Potini took 20 students from all year levels to Ko Māui Hangarau on Thursday 16 June.

Ko Māui Hangarau is a high-powered summit featuring some of the best Māori Tech Innovators and Entrepreneurs from around the country. The aim of the programme was to awaken, inspire and ignite our Rangatahi into pathways in tech, innovation and entrepreneurship.

Our students had the opportunity

to meet so many different people who are top of their field such as rocket builders/launchers, augmented reality game makers, and crypto/block chain makers. After lunch, our students were allowed to have a play on virtual reality headsets and games, PlayStation and Xbox consoles as well as asking many questions to professionals in the field.

The highlight of our day was winning multiple prizes including anime hoodies and t-shirts, PlayStation vouchers and even brand new ear pods.

- Ms Potini

Ngā Rangatahi Toa - MANAWA ORA: TE HĪHIRI

In July, our Māngere College Ngā Rangatahi Toa students performed in the sold-out show - 'Manawa Ora: Te Hīhiri' at Q Theatre.

Manawa Ora showcases a creative whakaaturanga told through dance, music, circus, drama and rap. This year saw the cast exploring the concept of 'Te Hīhiri' which points to the idea of a 'spark' igniting empowerment and action. The show was a raw and honest retelling of real life experiences of an ensemble of brave and extra special rangatahi. We are proud to see our students excel during this production, and we are grateful to Huia and the team from Ngā Rangatahi Toa for mentoring our MC rangatahi through this process and the continual mentoring throughout the year. Make sure to see our students performing next year in the annual production of Manawa Ora.

Photos from Shelly Te Hara

Student Council

CULTURAL DAY

Our school prides itself for being at the heart of our community here in Māngere and celebrating the school's multicultural composition.

The Student Council held a Cultural Day on the second week of Term 4 on a Friday. Most students and staff participated and came to school wearing their own cultural outfits from their culture, or clothing from other cultures. The purpose of this day was to further promote inclusivity and the cultural diversity within our school by providing a platform for all students and staff to celebrate and take pride in their identity.

MC Film Academy

The MC Film Academy is back! Those who have a passion for TV, film, photography, performing, or even becoming the next Angelina Jolie or Dwayne "The Rock" Johnson – or the first YOU, can share your voices – share YOUR STORIES.

This year, seniors were able to join, and we were blessed to take part. We were inspired by amazing talent in New Zealand's Film and TV industry. They included Studio 68 writer and director Vela Manusaute, Brutal Lives film producer Sandra Kailahi, FreshTV & CoconetTV film writer Lisa Taouma, Marks of Mana star FotuoSamoa Jody Jackson, Black Friars creatives Lauie Tofa &

Denyce Su'a, and two of our very own MC alumni - the Dutty Queen/ Radio host Ernestina Bonsu-Maró and actor/director/film creative DeeJay Fong. Humbled and privileged, we entered the first-ever Pasifika Youth Short Film Competition, created by Poporazzi Productions duo, Esera Tanoa'i and his wife Tupe, both actors, directors, and producers.

We submitted 3 original shorts. "TAI" a short documentary by Tavake Kamana, "MC Performing Arts Night" a behind the scenes documentary by Caylis Masinamua and "On Time" – a short film based on a true story, by Martha Peo.

Perenise Lam's exceptional performance in "On Time", earned her the Best Actress Award in the competition. We also walked

away with 10 other nominations. We connected with Fast & Furious actor Vinnie Bennet, film animator, comedic artist Michel Mulipola and actor, writer, and director – Nikki Si'ulepa.

We thank our teacher and fellow creative, Mr Hermann Arp. We were blessed to hear of his experience as a screenplay writer and imaginative visualiser who fought through many battles yet still stands strong as an inspiration for us.

MCFA22 is not done yet. Stay tuned for more exciting adventures as we dream big. It is time that we tell OUR stories, the way they should be told.

- Caylis Masinamua

Diversity Programme

This year we started a programme called 'Diversity' that focuses on building strong relations and creating a safe space for Rainbow and Pasifika youth.

We have 2 amazing facilitators from Village Collective (Rainbow Fale) that come in once a week to facilitate interactive workshops based on confidence, leadership, team building and self-discovery. It is so great to see students supporting one another through conversation and participation but most importantly having fun.

We are looking forward to seeing this continue and grow in 2023.

- Alfie Lafoou Lusa

Duke of Edinburgh EXPERIENCE

This year we had 25 students who completed the Duke of Edinburgh - Bronze award.

To complete this programme, the students had to complete three

specific sections — Voluntary Service, Skills and Physical Recreation. The students were able to choose their activities from each section and needed to complete an Adventurous Journey.

For the Adventurous Journey part of Duke Of Edinburgh Bronze, our students completed an overnight sailing excursion on the Steinlager 2 yacht. This opportunity was very hands-on and students were tested physically and mentally on the very boat Sir Peter Blake sailed on. The students enjoyed the challenge of sailing these huge 'round the world' yachts in the beautiful Hauraki Gulf and also learnt about the marine environment.

- Rosalie Kwan

Te Ara ki te Whare Wananga

In the beginning of Term 1 this year, students enrolled in a programme called “Te Ara ki te Whare Wānanga” (meaning road to further study) run by a team of teachers led by our Assistant Principal, Miss Ma.

The aim of the programme is for students to gain university entrance, so that by the end of Year 13, students have the option of studying at university if they wish to do so. This is done by tracking academic progress through mentoring conversations and tutorials. Through those conversations, students learn about possible career pathways and from that they are able to assist with option choices and making sure they're in line with getting university

entrance. There have also been a few trips to the different University of Auckland campuses so students have more insight into the opportunities that are available to them after Māngere College. Te Ara ki te Whare Wānanga will continue on in 2023 and we look forward to seeing more of our students expand their knowledge of the resources available to them both within and after high school.

Activity Days at Kokako Lodge

On Thursday the 1st of September and Friday the 2nd of September the Year 9 classes travelled to Kokako Lodge for a fun day of activities.

9AU, 9ME and 9WN headed out on Thursday while 9RE, 9SI and 9YU set out on Friday and BOTH groups were pushed out of their comfort zone together with their deans, form teachers and teacher helpers. This is what some students had to say about their experiences....

“What I liked about Kokako Lodge was facing big fears like heights and surviving in the wild.” Tyrell Tenari 9AU

“It was a very fun time for me. I laughed and smiled a lot. It was a great day!” Victoria Luatua 9WN

“Amazing experience....Amazing team pushing us to our limits and putting together such good climbing activities.” Fouvale Fogavini 9SI

“Something I enjoyed about the

trip was the High Beam.” Elizabeth Logologo 9WN

“What I loved about the trip was the High Beam which was a little bit scary because when you walked across, it felt like it was moving.” Kero Rahui 9RE

“Archery was fun ‘cause it was my first time.” Katerina Tupuai 9AU

“What I enjoyed was the High Beam. It was really fun even though we had mini heart attacks!” Sione Kuli 9ME

“It was new and fun but also scary!” Tewai Pairama 9AU

“I am proud for at least trying to climb the High Beam and Rock Wall.” Kovi Napaa 9ME

“One of the things I found enjoyable was that I got to overcome my fear of heights.” Noelani Logologo 9YU

The Year 9 Deans, Form Teachers and students would like to thank Mr Darragh for his organization of our 2 days of activities.

- Ms Tupua

Pink Shirt Day

Pink Shirt Day during Term 2 was a huge success.

On this day staff and students wore pink to Speak Up, Stand Together and Stop Bullying. Many took part and over \$300 was raised for the Mental Health Foundation. This day reflected how our school works hard to help create an environment where students feel safe, valued and respected, as well as taking part in an international movement.

Photos by Caylis Masinamua - MC Media

MC Drama Club

The Drama Club commenced at the start of Term 1 this year as a way to encourage students to find a passion for drama.

Students were able to push themselves in a variety of different styles of drama which included Shakespeare, Improvisation and script work. All students were welcomed into the auditorium and had the opportunity to work alongside a range of different year levels. In Term 1, the club began with Shakespeare. Four Year 11 students (From left to right: Nise Lam, Henry Mataora, Siale 'Asi, and Anna La'ai) took on the challenge to compete in the annual Sheilah Winn Shakespeare competition held at Botany Downs Secondary school. Congratulations to the group who were awarded best audience interaction for their performance of the play *The Tempest*. We would also like to acknowledge Nise Lam

from 11ML who was awarded best new performer.

Soon Term 2 came around, the students looked at a range of scripts to rehearse in preparation for the Performing Arts showcase. The group performed two comedy scenes which had the audience erupting in fits of laughter each night. Towards the end of the term, the students then designed their own character masks. While the seniors were occupied with their assessments during most of Term 3, the juniors were developing their improvisation, script work and monologue skills. Though numbers were low, the students who attended were still enthusiastic and created some hilarious and creative scenes.

Overall, there has been a fantastic turnout of students. Many students have developed their confidence throughout the year and it has been wonderful to see them grow. Thank you to Miss Watson, Mr Henry and Mr Euden for their support to run this club. We would also like to acknowledge the staff who have taken time to watch our students perform which has helped them build the confidence they need for their development as young performers.

- Ms Watson

P-TECH

(Pathways in Technology)

P-TECH is a high school/early tertiary program focussing on developing digital skills and job-ready students. It is a partnership between business, high school and tertiary education.

The pathway involves five years focusing on NCEA Digital Technologies at high school and an Advanced Diploma in tertiary. P-TECH links students' learning to the world of work and entry level roles. Apart from technical learning, students also gain opportunities to build work-ready skills, like communication, problem-solving, resilience, self-management and working in teams. This program is aimed at giving students opportunities to engage with the world of work so that they can successfully navigate their

career pathway. This opportunity is currently available to our Year 11 students who will continue being involved for the next two years. We will be offering the same opportunity to our Year 11 students in 2023.

We are very excited at the opportunities that this initiative will create for our students, their families and the Māngere community.

P-TECH INDUSTRY VISIT

In October, our P-TECH students visited Foodstuffs North Island's supply centre located at Landing Drive, Māngere. This is the largest distribution centre in New Zealand. The students completed an informative tour of the centre.

After the Foodstuffs tour, the students travelled to Spark City, and took a tour of the Spark Innovation Studio. Students explored and learnt about emerging technologies such as IOT, 5G, mobile edge computers, smart technology and advanced Robotics. Martin La'a, Māngere College alumni and current board member, was there to greet our students. Martin serves on the Spark Foundation Board and was happy to share his knowledge with our MC students.

VIRTUAL REALITY ROOM

Our P-TECH students went to a VR Room for their end of the year celebrations. The students really enjoyed the VR room experience and connecting with both their mentors and other students from Onehunga High School. They loved the gaming and escape room experience. There was a choice for our P-TECH students to either go to Media Design School or MIT to attend a one day per week course for next year. Thank you all for allowing the P-Tech students out of your classes to attend the P-Tech trips this year. A big thank you to Ms Maskell and Mr Webb for supporting me with this programme.

MOTAT STEAM Cell Workshop

Year 10 and Year 11 P-Tech students attended the MOTAT STEAM Cell taster course workshop at Māngere College in September. Students were given an hour to solve a problem (working on putting pieces together to make machines work). Each group had a different activity and they worked collaboratively to make their machine work. All the boards were aligned together once they finished. Students collaborated well with each other and enjoyed this session. The takeaway point from this learning experience was that "If something doesn't work for the first time, it doesn't mean it is not going to work. You need to keep trying until you make it work."

Te Ahurea Tino Rangatiratanga

Te Ahurea Tino Rangatiratanga ki Te Rakipaewhenua 2022. Te Ahurea was established in 1996 and this was the 26th year it was held here in Tāmaki Makaurau.

For the first time, Māngere College Rōpū Kapa Haka performed at Te Ahurea Tino Rangatiratanga and the students made our school proud. Our taura's emotions were beautifully expressed as they held themselves with so much mana on that stage.

Ka tika me tuku mihi aroha ki a Whaea Janey, Whaea Arleen, Miss Potini, Whaea Huia (Ngā Rangatahi Toa) a, ngā whānau katoa i haere māi ki te tautoko i ngā taura mō tēnei kaupapa whakahirahira.

E kore ngā mihi e mutu.

- Whaea Moana

REIPAI'S EXPERIENCE

This kaupapa was an EPIC experience. It started with everyone coming in as individuals, then over time we became like one big whānau. Although our kaupapa came with its challenges, in the end it helped us learn about manaakitanga towards one another and whānaungatanga.

I'm personally grateful for this kaupapa this year because it helped push me out of my comfort zone and made me a better version of myself. Thanks to all of my kaiako for believing in me and helping me see the leadership potential that I have.

- Reipai Mutupaenga-Falwasser

Outward Bound: MIND BODY SOUL

I had the opportunity to go on the Mind Body Soul course at Outward Bound and spend three enjoyable weeks with some very special students from Auckland. I had a great time during my three weeks at Outward Bound located in the Marlborough Sounds, attempting

new and unique things including kayaking, hiking, a three-day solo camp, high ropes, and sailing. My favourite parts of the trip were sleeping on a boat under the stars and navigating a boat on our own using only the skills we had acquired. Tramping was another

of my highlights; even though I hated climbing mountains, I had a great time singing and laughing with a group of kids from various backgrounds. I've learned through this trip that it's alright to make mistakes since learning from them will help me become a better leader. I've also learned that learning from failure can boost my confidence and help me stop being afraid of failing. What I could take away from this camp is the quote that I've learnt from my instructors which is 'There is more in us'.

- Sela Alofaki

Sisters United

This year Sisters United brought two exciting programmes to our students at MC - these were Crown Yourself and the Young Queens Programme. Sisters United is a family based organisation that provides exciting, fresh and creative programmes and services' to young Pasifika and Māori women aged 12 - 21 in Auckland and New Zealand wide (by the Goebel Sisters, Parris, Kendal and Narelle).

There have been several girls who have been on the Crown Yourself programme (once a week) to help develop their confidence, self esteem and leadership during this year. The programme is facilitated by three Year 13 students Rain Te'i, Temaleti Sinani, and Gardenia Lemoa who have been trained by Sisters United staff.

The mentors, Rain, Temaleti and Gardenia, have also been involved

with the Young Queens Programme which is a 1 year weekly mentoring programme run in Auckland High Schools for Year 12 & 13 Pasifika students.

Rain was featured in an exhibition called 'Brown & Beautiful' at the Fresh Gallery in Otara in November. This exhibition was about celebrating the natural beauty of our Pasifika young women, their different shades of brown skin and varied shapes and sizes.

In an interview with The Coconet TV she says "I am strong, I am intelligent, I am resilient. I am a Southside Success. I am a dream from those who've come before and a love letter to those who will come after."

Casio calculators FROM MONACO CORP

We are pleased to share that Māngere College is one of the lucky schools to be drawn to receive calculators in partnership with Casio Office products and Consumer Electronics.

An opportunity was taken to register for the Casio low decile school pack program. This initiative assists 10 low decile schools around the country with the opportunity to purchase a class set of new FX9860GIII graphics

calculators at a heavily subsidized cost.

The graphic calculator is an integral part of classroom learning and has proven to be an invaluable aid to both the teacher and the student. Math staff and students are humbled by the generosity of Monaco Corporation Ltd.

Also thanking Patrick Lee (General Manager) and Grant Gothard (Sales and Marketing manager) for personally delivering the Casio

calculators to our school. Special thanks to Ramona, Tulei and Benjamin (Y11 students) and our Deputy Principal- Mr J Hardy for being part of this presentation.

- Anuradha Lakhan

POLYFEST

Cook Islands Group

Our Cook Islands group had a fantastic performance at Polyfest this year and were placed first overall. We have been the reigning champions of ASB Polyfest since 2017 for the Cook Islands stage.

TUTORS:

Teacher in charge: Tai Uamaki

Head Tutor: Alexander Upokokey-Henry

Tutors: Rose Tonaau Rave and Nga Tere

Karen Dance

Our Karen group enjoyed performing at Polyfest 2022 on the Diversity Stage. The Karen people group come from Myanmar, formerly known as Burma.

The performance is a wrist tying ceremony, showing themes of family and community through song and dance.

Traditionally, it aims to fend off evil spirits by tying string to the wrists of young people. The ceremony symbolises renewing bonds within families and communities to create a sense of family; a home away from home. People who are from other cultures are invited and welcome to join as it builds unity between different cultures.

Basketball

Basketball has always been an outlet for me. When I'm stressed or overwhelmed, I have one pastime that always brings me peace, and that is the game of basketball. Basketball is a team sport that's physical and hard working. This sport has the power to bond different people and create lifelong friendships. And I know, because it happened to us.

This year we had 3 teams - Junior Boys team, Open Boys team and an Open Girls team. All of the players gradually grew together, as well as individuals. As we started training and got to know each other a little more, we would support each other as if we had been friends our entire lives. Basketball became a safe space for us. There was no awkward silence, no rudeness, just a shared love for the sport. And that is something I love when it comes to basketball. It's where you can be yourself without judgement. There was never a time where we were laughing at someone. Laughter was always with you and never at you. I have been playing basketball since Year 9 and I can't think of a time where I was laughed at. And I knew, even back then, that Basketball was my thing. Once I step into the gym, I can leave everything at the door. All my worries and all the expectations can be put on hold, and I can just play the game I love with the people I've come to love.

I remember the lead up to playoffs. It was just around the corner and we all couldn't wait. It was all anyone could talk about. And when it finally came, all of our teams would be seen cheering each other on from the balcony. One thing that I noticed is that we cheer for our teams, regardless of who you are. At the end of each game, we would all pile back onto the bus and talk and laugh about how our game went. It didn't matter whether we won or lost. There was never a dull moment or a grudge held. There was only laughter and joy. Every year, at the end

of each season, we have a little prize-giving ceremony for our players. It's a great way to spend one last time together before us seniors part ways. Just before the ceremony ended, dinner was served. We were all eating, having conversations and telling stories around the table. It's moments like those that I will always cherish and it's only through basketball that those moments were possible. We entered this year as strangers, and we left as family.

- Ngaire Biddle

SENIOR A TEAM

These women played with excellent sportsmanship in both their games and their training. It was wonderful to watch them compete valiantly on the courts with their loved ones and team by their sides. One thing that struck me about this team is that regardless of whether they win or lose, they always celebrate on the bus with hyena laughs and blasting music. Thank you for allowing me to be a part of this experience, ladies.

SENIOR B TEAM

SENIOR MIXED TEAM 2022

I had the honour of leading the Senior Mixed Team this year, and it was undoubtedly a wonderful opportunity to support my school.

Throughout their sports and training, these students showed excellent abilities and attributes. The bravery and perseverance these youngsters have displayed towards one another are one of the journey's highlights for me. They have always maintained their consistency and sportspersonship. The team has managed to win all of its games despite the difficulty of playing in other schools, particularly for our boys who had no prior netball experience. I appreciate them for their excellent fair play and for letting me assist and encourage them along the way. This experience has been humbling for me and I am super proud of our team. Thank you to everyone who supported us along the way and to our main lady Tai

Rugby

What a year it's been for rugby at MC! It has been an amazing season, with all our teams playing with pride and determination. Our rugby teams have had downfalls and great wins but at the end of the day we always held our heads up and learnt from our mistakes together. Our downfalls didn't ever once stop us from being proud of ourselves and no doubt the parents and supporters were too. During our trainings our coaches pushed us to do better every time in our skills and gameplans. Each training we focused a lot on team building and communication. As our coaches always say, "no matter how fast or good of a player you are, a lack of communication can bring the whole team down on the field". Sometimes we will have those days when we just want to give up but thanks to our coaches for always encouraging us we never gave up.

1ST XV BOYS

We would like to acknowledge new coaches Mr Le-Seminale Fata, Mr Tevita Ahokovi, Mr Takaji Young Yen, Mr Lalei Tiatia, Mr Mana Fata and Manager Ms K Leniu who have supported our 1st XV boys team this year. This year we had new sponsors XavierT & CO and MD Construction Ltd who have donated sports gear and uniforms to our school. Our captains this year were Folau Tongotongo and Gideon Faiane. Our boys played really well this season in Pool B, but unfortunately lost in the semi-final due to a technicality when we had a tie with Mount Roskill Grammar. We are looking forward to an improved team for 2023 and continuing with the support of our new coaches.

GIRLS RUGBY

Our Girls Rugby team made it to the semi-finals but sadly didn't win through to the final. What we learnt from this is that small wins matter because they prepare you for the bigger wins in the long run. We were very lucky and grateful to have our two beautiful coaches Rose and Kalo. We want to thank you for taking time out of your schedules to come train and motivate us girls to learn more. Thank you to our Manager Mr Henry for making sure that our academic grades were as good as our performance on the field.

Back row: Manatu Tupou, , Luisa Antonio, Sara Leutele, Elenisi Fua, Nise Lam
 Middle row: Silia Palenapa, Lavinda Lemalu-Sauaki, Halaevalu Liava'a, Adrienne Faamausili, Nila Tupou, Neomai Tamo'ua, Mele Kaufusi
 Front row: Tepou Taura, Meliame Funaki, Kairangi Tekeu, Mele Lelenoa, Norina Paulo

U15 BOYS RUGBY

We would like to acknowledge Mr Samu and Peter for taking care of our Under 15 Boys rugby team. A huge thank you to Tai for always organising our uniforms and equipment - if it wasn't for you, rugby, as well as the other sports wouldn't be as successful as they have been this year. We are all grateful to have such amazing team players who help us improve and enjoy our sport of Rugby. Thank you!
 -Meliame Funaki

Volleyball

It's been a hectic year but our school has managed to make volleyball a priority for the love of our students towards the sport. Volleyball may look like a simple sport but the effort wasn't.

Training had to be full of commitment, determination and energy and all I could say is every drip of sweat was worth it. Our girls and boys gave it their all and had fun learning new techniques, skills and most importantly we gained knowledge from the sport of volleyball. No doubt that those who joined and played for Māngere College had an amazing experience. For most students that joined volleyball I have to say the most

difficult part was choosing what they wanted to do since we were in the same season as Polyfest, it was a choice for them whether they wanted to do Volleyball or Polyfest since trainings and Polyfest practices were going on at the same time. Well done to those students who managed to do both! Our games were one of the biggest highlights, we won and lost games but we took it as a lesson to do better next time. For our senior girls team it was an emotional ride for all of us. That feeling when we make it in the top 10 and we verse others in our pool was nerve-racking but at the end of the day it was all love and positivity. All our early morning games to back home late from our games are tiring but we are also thankful that we were able to get the chance to play volleyball with

others around South Auckland and make new friends. Thanks to our coaches Nancy, Mr Samu, Miss T, Mr Tusa and to our sports coordinator Tai for taking the time out of your busy schedules to help train, manage and prepare our volleyball teams because this would not have been possible without you all. Thank you to our parents and caregivers for your support and always checking in we love you all! To our fellow Year 13 volleyball stars thank you for being the best team player you could be. What we've learned throughout the volleyball season is that your team becomes your family, the ball becomes your best friend, and the game becomes your life. Also, an injury is a sign to get better and come back stronger.

- Jasmine Lemoa

GIRLS PREMIER VOLLEYBALL TEAM

SENIOR BOYS VOLLEYBALL TEAM

SENIOR GIRLS TEAM 1

JUNIOR BOYS TEAM

SENIOR GIRLS TEAM 2

JUNIOR GIRLS TEAM

A young man and woman are the central figures in this photograph. They are dressed in formal graduation attire: the man in a dark suit and the woman in a dark dress. Both are adorned with elaborate, multi-layered leis that include green leaves, purple and yellow flowers, and various candy packages. They also wear matching flower crowns. The man is smiling broadly, while the woman has a gentle smile. They are holding several large, wrapped gifts in bright orange paper. The background consists of a blue door and a wooden wall. The entire image is framed by a white border.

SCHOOL
LEAVERS 2022

Year 13 Students

Back Row: Charlotte Vili, Kimotea Tereda, Mereanna Hopoi, Tereapii Mani, Susana Tooala, Afizah Sirazul Islam, Oumaima Ahmat Abdallah, Lupe Ofa, Cassie Lualua, Pulotu Kaifa, Janet Taukiri.

Fourth Row: Alida Anae, Veronica Teinaki, Aaliyah Leilua, Lua Omoregie, 'Alamoni Matangi, Kafoou Mafi, Roselyn Tafa, Pypther Tohilima- Franklin, Tamera Sale, Grace Terepai, Honora Lynch, Vaipuna Talo.

Third Row: D'nadcyn Matia, Vani Kaufusi, Indi Reihana, Neomai Taumo'ua, Hamyoni Amituanai, Manoa Teata, Merita-Jade Tuakore, Alosina Moeai'a Toleafoa, Siobahn Mafileo, Lavinda Lemalu- Sauaki, Ania Vaipaata

Second Row: Neville Padavatan (Dean), Katherine Pio, Naomi Koronui, Lex Ah Wong Walker, Jacinta Uluakiola, Fatima Hussaini, Krizzia Mae Quiñones, Kiana Webster, Martha Peo, Saleha Sameem, Jayde Elkington, Asariah Potini (Dean).

First Row: Temaleti Sinani, Ngaire Biddle, Sifila Palu, Tai Puiiri, Makarini Puiiri, Tom Webb (Principal), Rain Te'i, Loreál Urika Filifilia, Te Amorangi Nuku, Mele Lelenoa, Monique Webster.

Back Row: Tony Pulemau, Zac Ieremaia, Folauhola Tongotongo, Benjamin 'Ahomana, Marcel Tere, Troy Filipine, Nelly Tongotongo, Meni Fono.

Third Row: Gideon Faiane, John Hala'ufia, Ceasor Vili, Brandon Reid, Makarini Puiiri, Siaosi Kofe, Tehillah Siamomua, Dennis Sofara, Jason Lal.

First Row: Fatima Hussaini, Loreál Urika Filifilia, Temaleti Sinani, Ngaire Biddle, Tai Puiiri, Tom Webb (Principal), Sifila Palu, Rain Te'i, Mele Lelenoa, Te Amorangi Nuku, Krizzia Mae Quiñones.

School Leavers

CLASS OF 2022

LEX AH WONG WALKER,
Live life to the fullest!! 

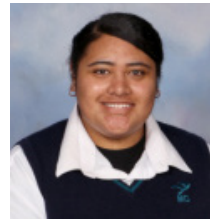

OUMAIMA AHMAT ABDALLAH,
I see them toetoez.

BENJAMIN AHOMANA,
Don't worry, be happy.

HOPARONEE ALENI
Seek the heights

HAMYONI AMITUANAI,
Do not allow people to dim your shine because they are blinded. Tell them to put some sunglasses on.

ALIDA ANAE
Keep your face always toward the sunshine, and shadows will fall behind you.

CHRISTIAN ANGAA'ELANGI
I don't know, ask 'Aki.

SALLYRITA ANTHONY
"oh sir, i'll come back..."

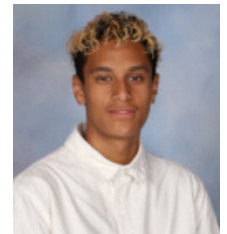

NGAIRE BIDDLE
Jealous of you? Bless your delusional heart.

ELIZABETH COCKER
It's not whether you get knocked down; it's whether you get up.

ERNEST DAVIDA
Hope for the best but expect the worst.

JAMES DEAN
I'm brainy now.

JAYDE ELKINGTON
0/10 would not recommend..

GLASSIE FABIAN THOMAS
Don't give any excuses to not put in full effort.

GIDEON FAIANE
It's only me.

TROY FILIPINE
It's not whether you get knocked down; it's whether you get up.

CRYSTAL FINEASO
...she never came back.

KERRIOSE-APOLI-MAFOU FOLASAITU
Try everything.

'AKI FONISE
I dont know, ask Christian.

MENI FONO
Just leave mine blank.

MARION FORD
God bless your loving soul.

FRENCESCAI FUIMAONO
Seek the heights.

ETHAN FUNAKI
I've got nothing.

PAYTON GOLOTOA
Watch me never use the terms "cos, tan, sin" a day in my life after this.

JOHN HALA'UFIA
Assalamualaikum

MEREANNA HOPOI
No idea.

FATIMA HUSSAINI
I got a haircut and no one noticed.

ZAC IEREMIA
"Take 5, Hit da showerz".

ALOFA IERIKO SEPU
When the going gets tough, the tough get going.

LILLY-ANNE IKIUA
Cemalija.

JOHNATHAN IOSEFA
First and last.

CORNELIUS JULIUS DANIELS
Don't live someone else's dream, find your own. Nothing in life is impossible as long as you take that first step.

PULOTU KAIFA
Always remember respect & responsibility.

LILYAN KAUFUSI
Be there for others, but never leave yourself behind.

VANI KAUFUSI
Ghetto girl right here.

SIAOSI KOFE
Pathway to leadership is through service. Education is key to success.

TRENT LAFAELE
Better always stops at some point, just wait.

VAOA LAGAAIA
Just drop out eye guy.

JASON LAL
Laughter is the best medicine.

SUAESI LEAULA,
You got this.

AALIYAH LEILUA
Japanese Denim- Daniel Caesar (2:10)

MELE LELEHOA
After every storm, comes a rainbow.

LAVINDA LEMALU-SAUAKI
Some people are REAL, some people are GOOD, some people are FAKE ... but, some people are REAL GOOD AT BEING FAKE! 💜

GARDENIA LEMOA
For as long as I can remember, I've wanted to be a gangster.

CASSIE LUALUA
How we live is what makes us real.

HONORA LYNCH
"No" - Rosa Parks

LAKAI MAEA
Learning how to paraphrase is how i passed ncea.

KAUFOOU MAFI
A princess but with a spice of anger issues.

**SIOBAHN
MAFILEO**
Spent more time
thinking of this
quote than I did
in class.

IZAIAH MAKI
Wasting your
potential and
talent is a true
tragedy.

**TANIELA
MAKISI**
Grind now, Shine
later.

**TEREAPII
MANI**
They say good
things take time,
that's why I'm
always late.

**'ALAMONI
MATANGI**
The saying
goes, if you
take the first
step, nothing is
impossible in life.

NELIO MATEO
The sky is the
limit. Seek the
heights.

**D'NADCYN
MATIA**
John 11:35

**ALOSINA
MOEAI'A
TOLEAFOA**
BLACKPINK in
your area!

JOHN NAAZ
What did I say?

ISALELI NERIA
Trust in the
Lord, anything's
possible.

**TEAMORANGI
NUKU**
Slowly is the
fastest way to
achieve any-
thing!

LUPE OFA
Die with
memories and
not dreams.

**LUA
OMOREGIE**
Rain Te'i for
President! 🤔👍

LZA OPAI
Your only limit is
your mind.

**JOLEEN
PAILEULU**
You were born
to be real, not
perfect.

SIFILA PALU
Chasing dat bag.

MARTHA PEO
All glory to God.

SULI PETAIA
...

**KATHERINE
PIO**
Should've went to
ohs :(

GENESIS POKO
I've lived my life
the best I could not
knowing what the
future may hold,
not knowing what
the future holds
seems exciting.

**MARIA
POMPEY**
It will be worth it
in the end.

**MAKARINI
PUIIRI**
Ho visto l'angelo
nel marmo.

TAI PUIIRI
Come to my
restaurant in 15
years time. Use
code "lime" for a
free meal :D

**MAKEL
PUIIRI-TUIA**
I literally don't
know.

JAMES HARRY PUNZALAN
Dream big.

KRIZZIA MAE QUINONES
Not one for speeches so... peace out. I'll remember y'all in therapy.

BRANDON REID
Stay in school, follow your dreams, listen to your parents, do not fight, be a leader not a follower.

LEUTU SAIA
Opportunities don't happen, you create them

TAMERA SALE
"Live however you want, it's your life anyway."
- BTS

SALEHA SAMEEM
You hate me but who are you?

EDGAR SCHAUMKEL
Work hard, play hard.

TEHILLAH SIAMOMUA
Real eyes realize real lies.

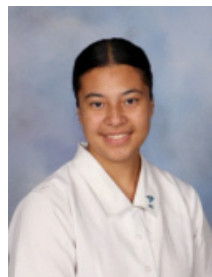

TEMALETI SINANI
I'm only going one way.

AFIZAH SIRAZUL ISLAM
Get very rich.

DENNIS SOFARA
Trust your struggle.

ROSELYN TAFATAFA
Attk on Titan, Season 3, Episode 53, 17:59

PEARL TAISI
Dreams are beautiful but reality is cruel.

VAIPUNA TALO
With God all things are possible.
Matthew 19:26

NEOMAI TAMOUA
Proverbs 3: 5 + 6

TUFELE TAPUELUELU
Trust your power.

JANET TAUKIRI
Real friends share the same enemies.

RAIN TE'I
Free Palestine.
Free West Papua. Tiaki Papatuanuku.

MANOA TEATA
Bless your heart if you decide to go this school, but anyways love life, live life.

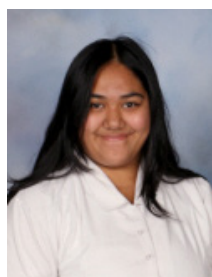

VERONICA TEINAKI
Be kind always.

MARCEL TERE
Have a happy day!

KIMOTEA TEREDA
"11'09 fly high <33 -N. Koronui"

GRACE TEREPAI
134340 -BTS

PYPHER TOHILI-MA-FRANKLIN
:)

ASHLEY TOIU
AN ESO GIRL FOREVER.

MATHEW TONGA
I'm speechless.

FOLAUHOLA TONGOTONGO
I don't need it to be easy. I need it to be worth it.

NELLY TONGOTONGO
I will win, not immediately, but definitely.

SUSANA TOOALA
Stay in school kids.

MERITA-JADE TUAKORE
Do your thing and don't care if they like it.

XAVIER TUMAI
If you see me in the store one day, go the other way I don't know you no more.

AUSAGE TUSI
Love yours.

JACINTA ULUAKIOLA
Honestly jst do anything 🤔

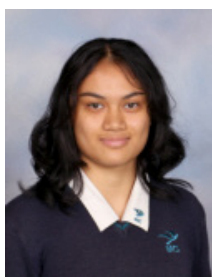

LOREÁL URIKA FILIFILIA
"Can I please stay another year?" - said no one.

HAROLD UTAATU
Practice makes improvement.

CEASOR VILI
Fortune favours the fearless.

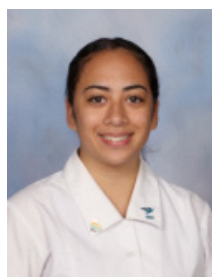

CHARLOTTE VILI
You define your own life. Don't let other people write your script.

LEXUS WALTERS
The biggest battle is with yourself and it is the most silent. Don't back down, don't focus on how far your goal is, just take the next step & remember slowly is the fastest way. YKTG Seek the Heights.

KIANA WEBSTER
Don't waste your life tryna be like everyone else. Just be yourself.

MONIQUE WEBSTER
A life spent making mistakes is more useful than a life spent doing nothing.

SYLAS WILSON
Never regret anything that makes you smile.

NEW HOMES FOR OUR COMMUNITY

Over the next 15+ years, we're building 10,000 new quality homes here in Mangere so that more people can enjoy this diverse and vibrant neighbourhood, and live close to fantastic amenities and schools like Mangere College.

At the heart of the Mangere Development is the community. As new homes become available, we're helping Mangere locals put down roots and purchase one of these new warm, dry, healthy homes for themselves.

Looking at buying your first home but not sure where to start? Kāinga Ora offers several products and resources that can give you a helping hand toward home ownership.

For more information:

Chat to our team at the Mangere Development Info Centre
12 Waddon Place, Mangere Town Centre
Wednesday to Saturday, 10am to 4pm

Māngere College Supporters

Māngere College continues to be very grateful to our local businesses and individuals who provide financial support to our students. This commitment helps Māngere College students achieve to their potential.

ADVERTISERS

We'd like to acknowledge our two advertisers for this magazine, **Airport Oaks Pharmacy** and **Kainga Ora**. These help reduce the cost of production, and enables us to keep producing printed yearbooks which is valuable to our school as a historical document and book of memories for decades to come.

NEW SPONSORS

This year we have two new sponsors for our 1st XV Rugby team, which has been invaluable to help resource our players with gear for training and games. Thank you to XavierT & CO and MD Construction Ltd for your support.

SCHOLARSHIPS

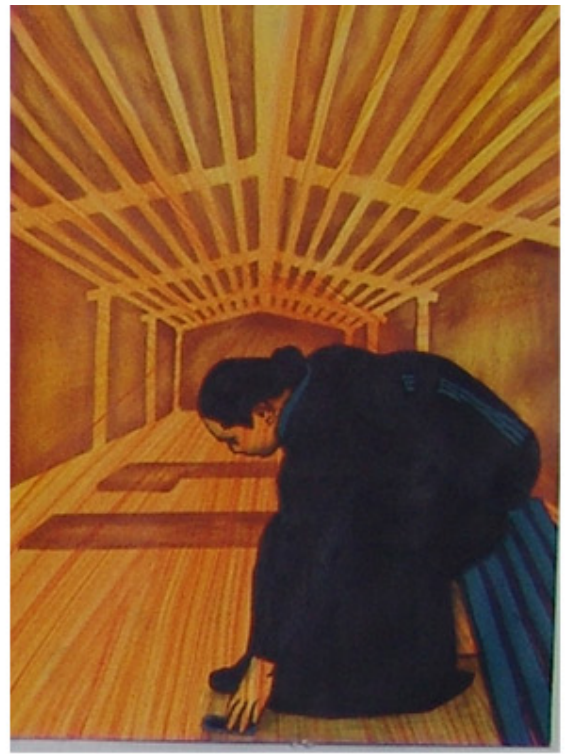

Financial support allows us to provide three groups of scholarships each year:

- The Māngere College Entrance Scholarships cover most of the costs associated with starting as a Year 9 student at Māngere College.
- The Māngere College Senior Scholarships are awarded to deserving Year 10 students. These are worth \$500 and are used by the recipients to cover the cost of uniform and other school costs over their senior years.
- Year 13 students can apply for the Māngere College Leavers' Scholarships. These awards are valued at up to \$1500 to assist students to meet the costs of tertiary study.

If you are interested in offering Māngere College any financial sponsorship which would further enhance our students' future pathways please don't hesitate to contact the school on enquiries@mangere.school.nz.
